A new school year is beginning.

My school is
opening soon.

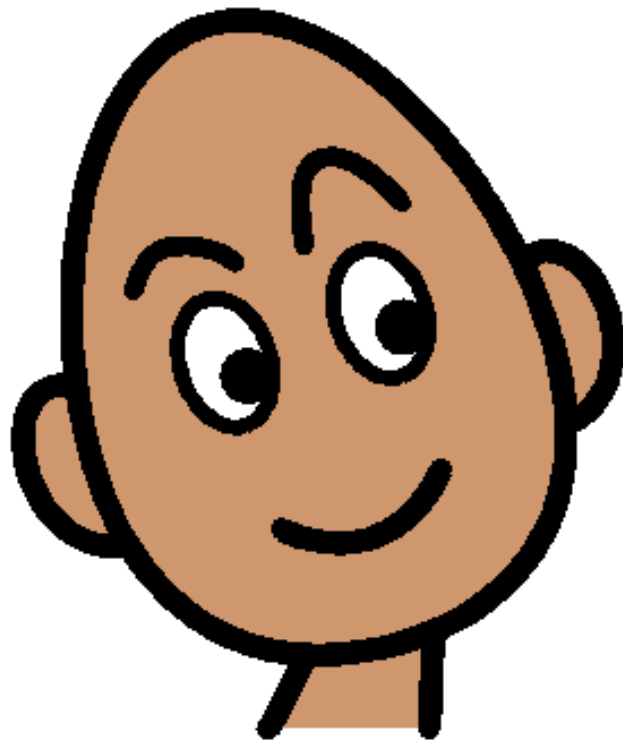

My school has a special plan to help keep everyone safe during the Corona virus.

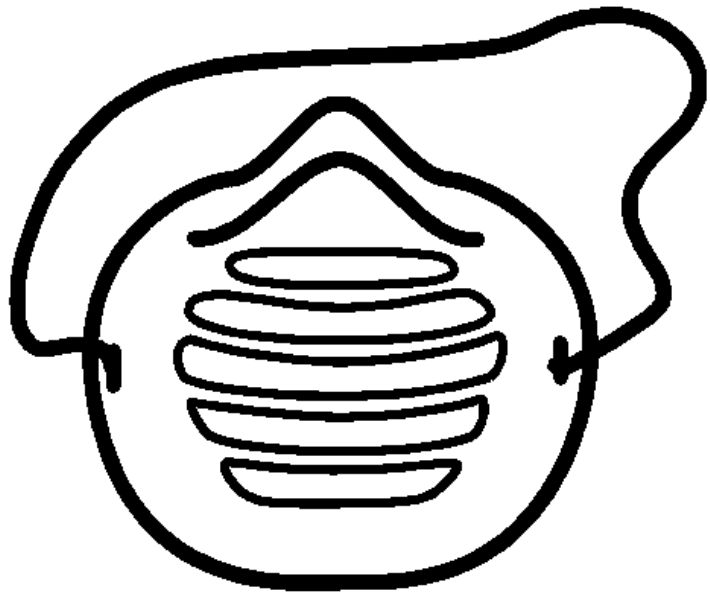

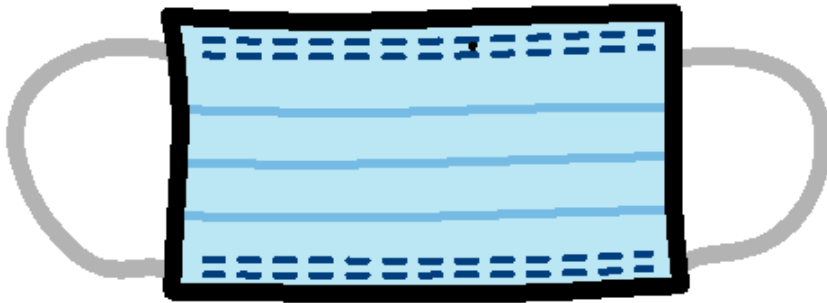

The custodians work hard to keep my school clean.

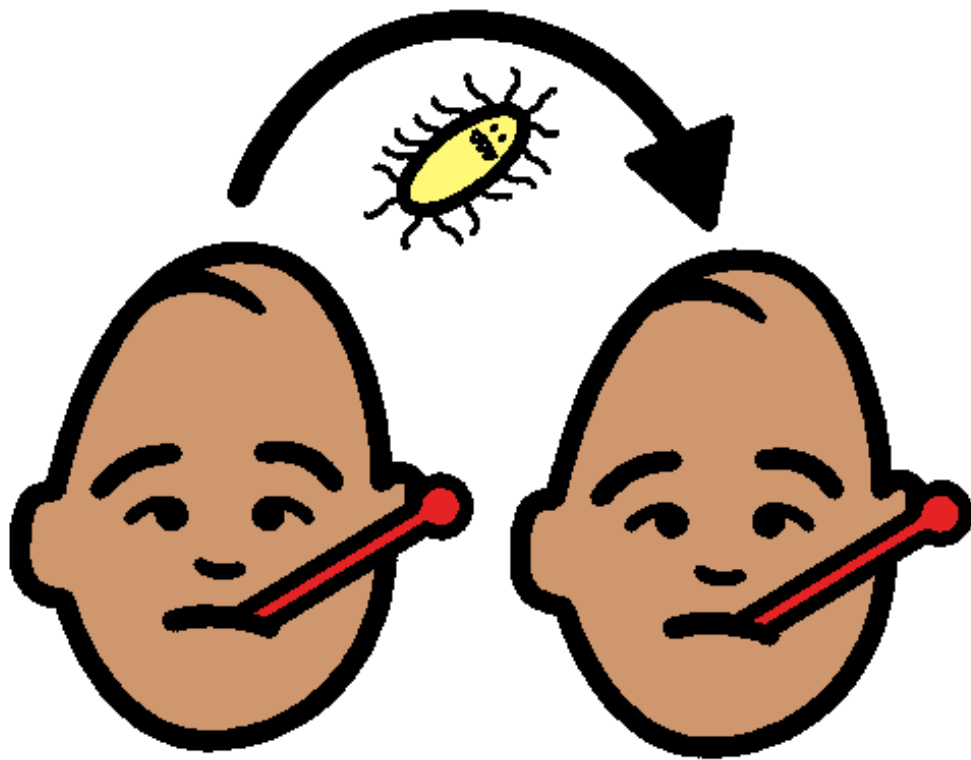

There are new ways
of doing things at
my school.

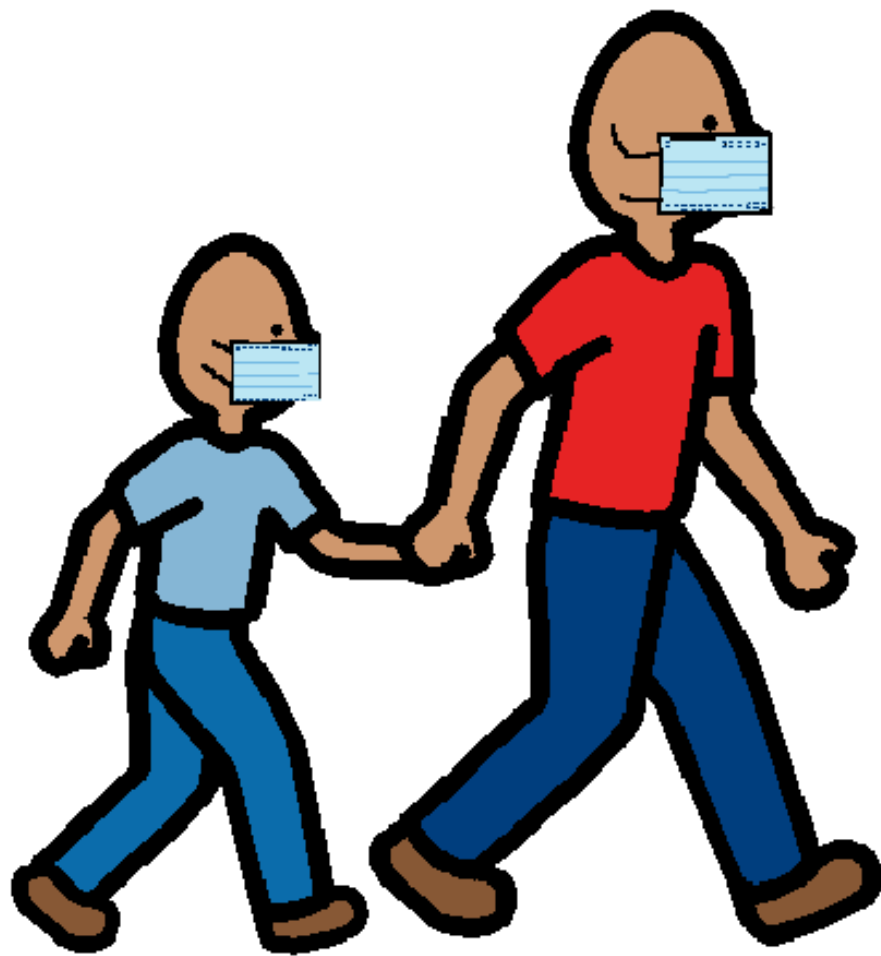

I see people
wearing masks
at my school.

Masks are a good way to help prevent the spread of the virus.

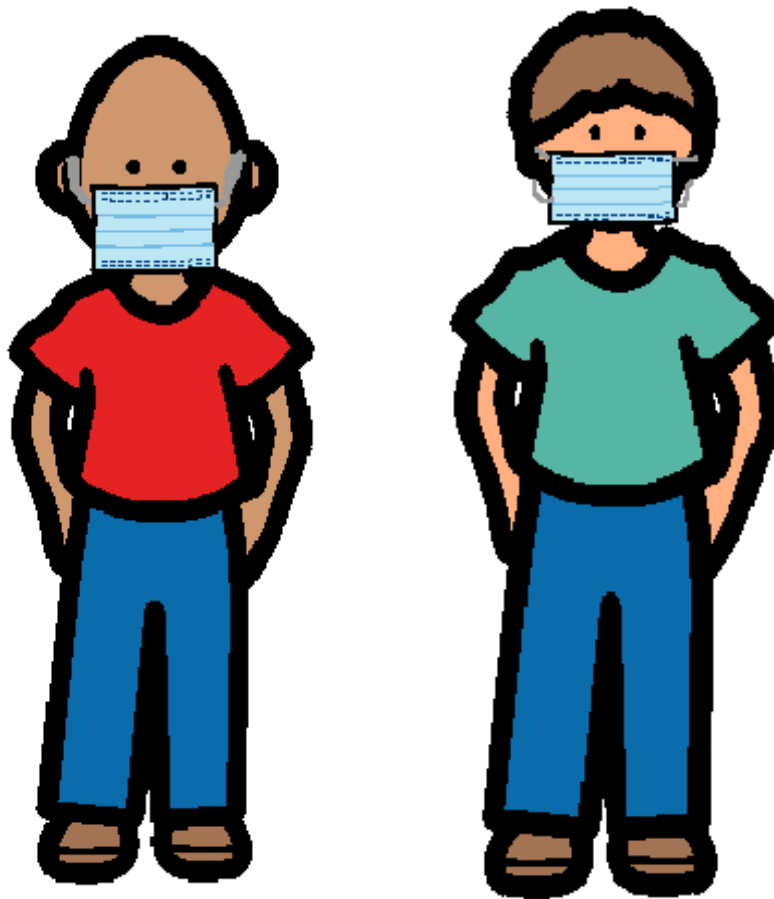

I wear a mask at
school if my parents
want me to.

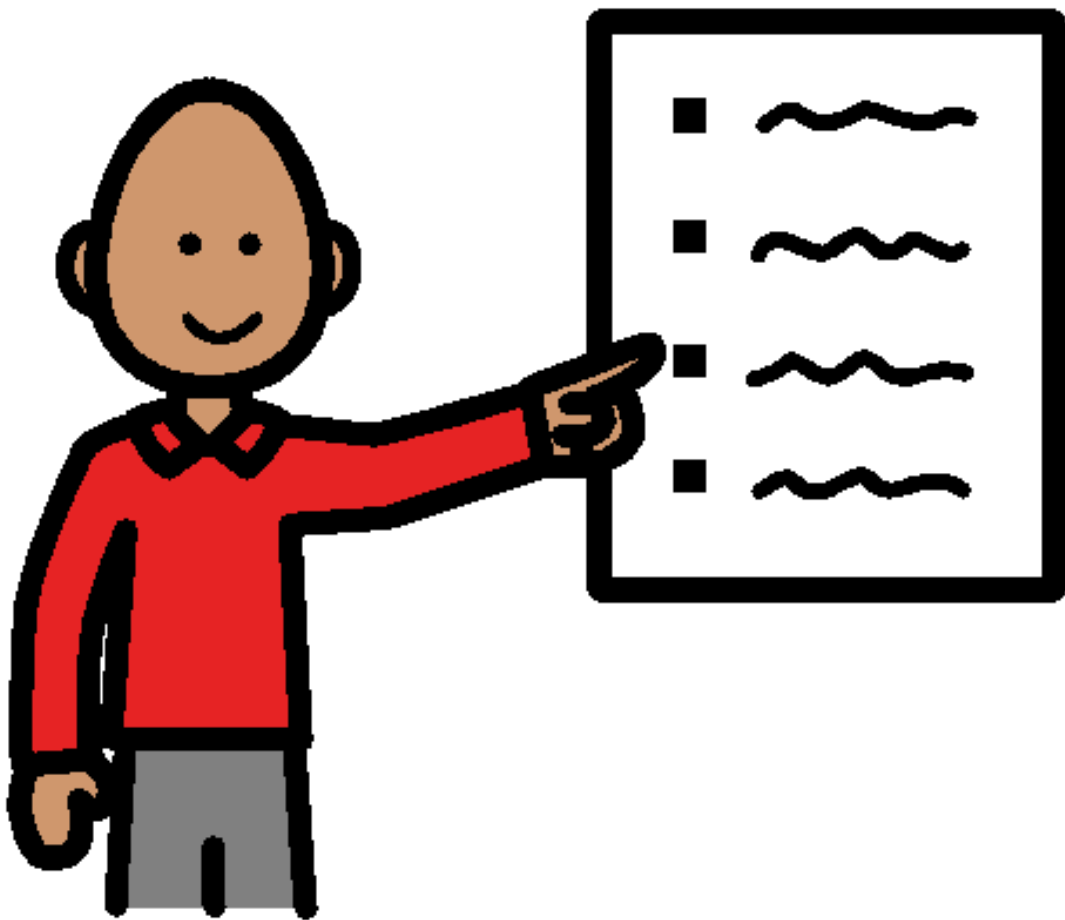

I wear a mask at
school if it makes
me feel more
comfortable.

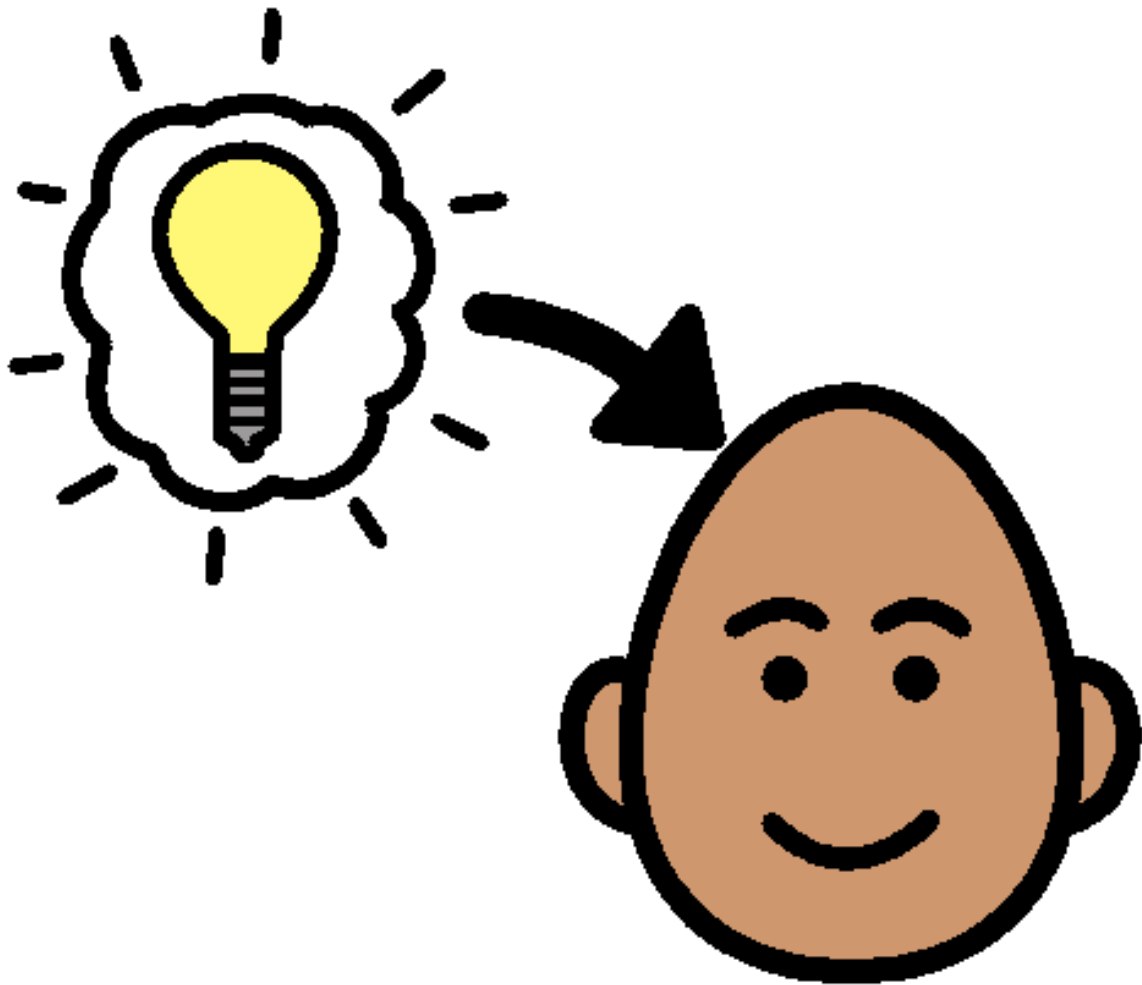

I wear a mask at school when I'm close to others.

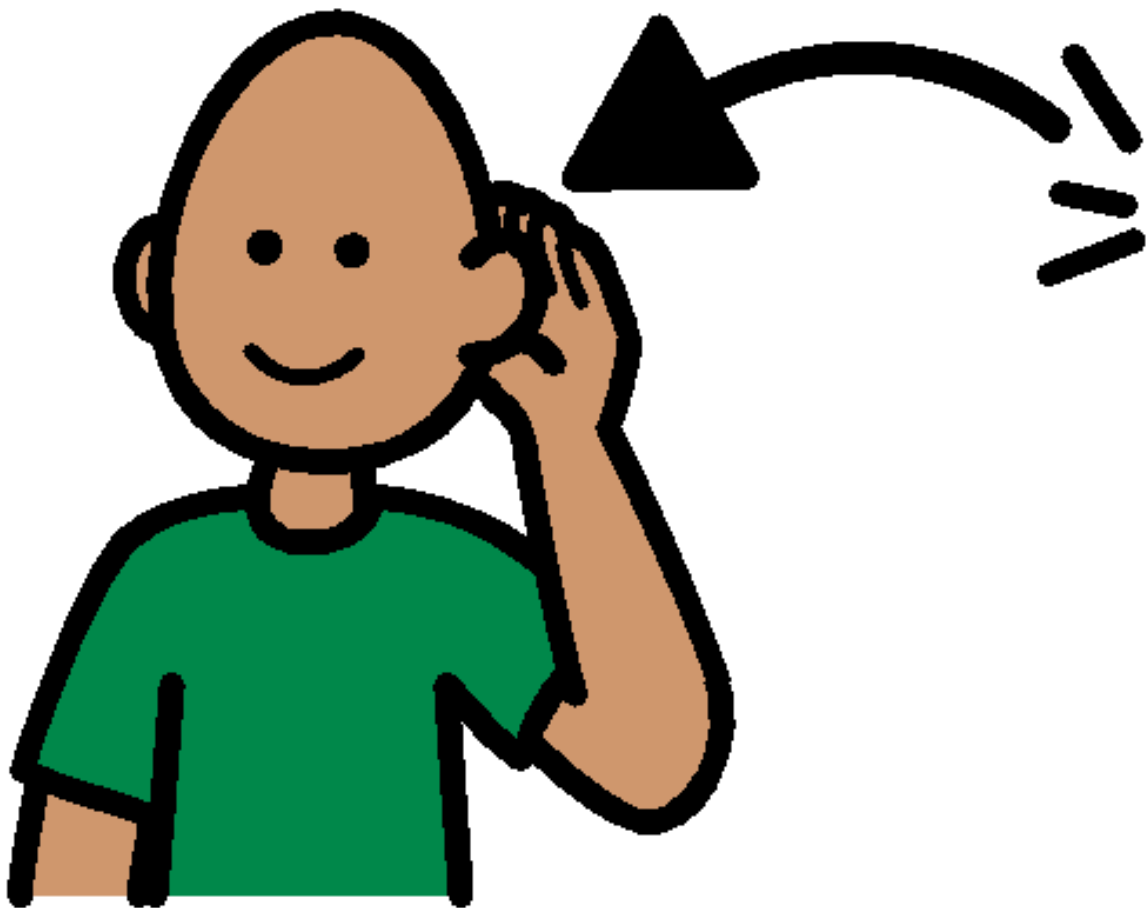

There are new
rules at my school.

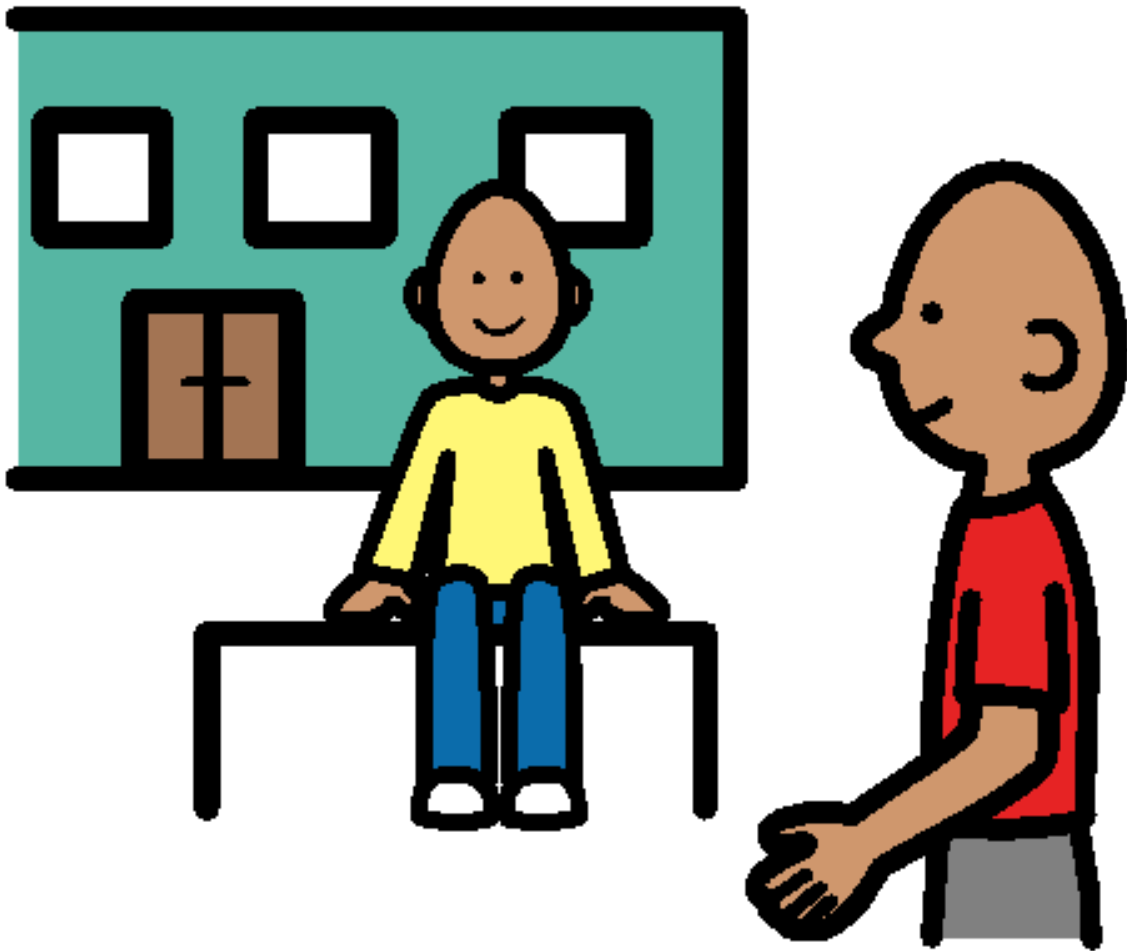

I learn the rules
and I follow them.

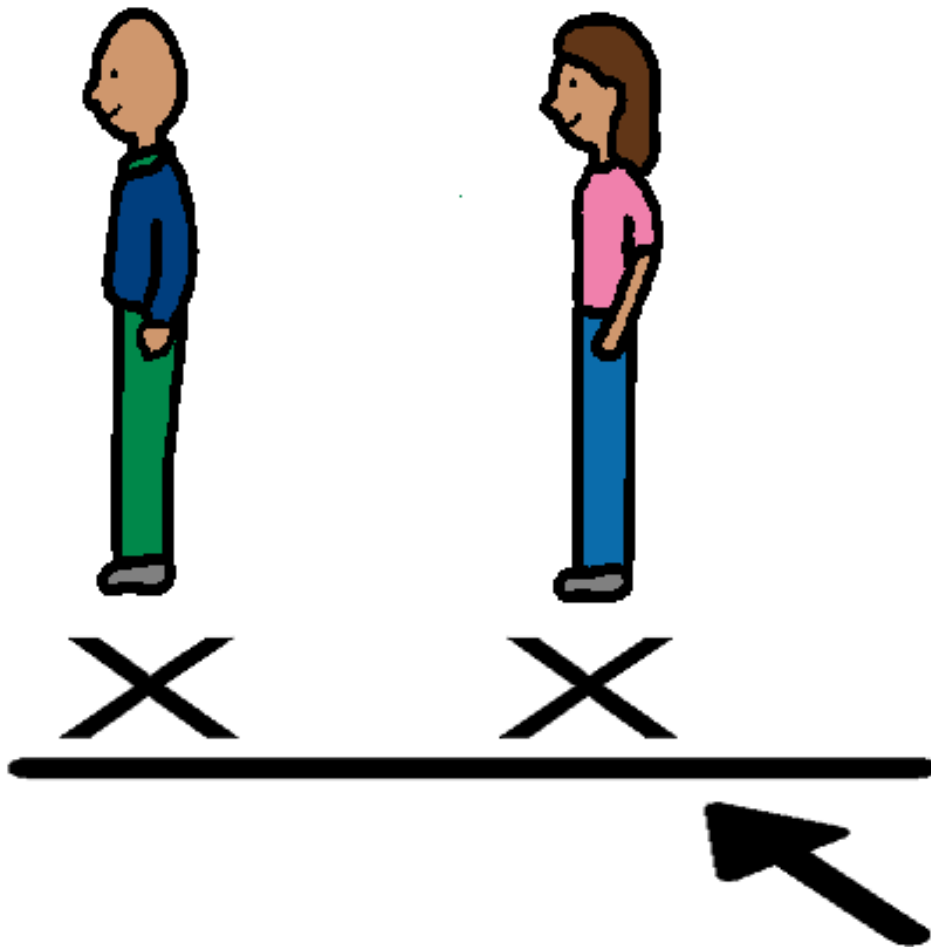

I listen when any
teacher gives
me instructions.

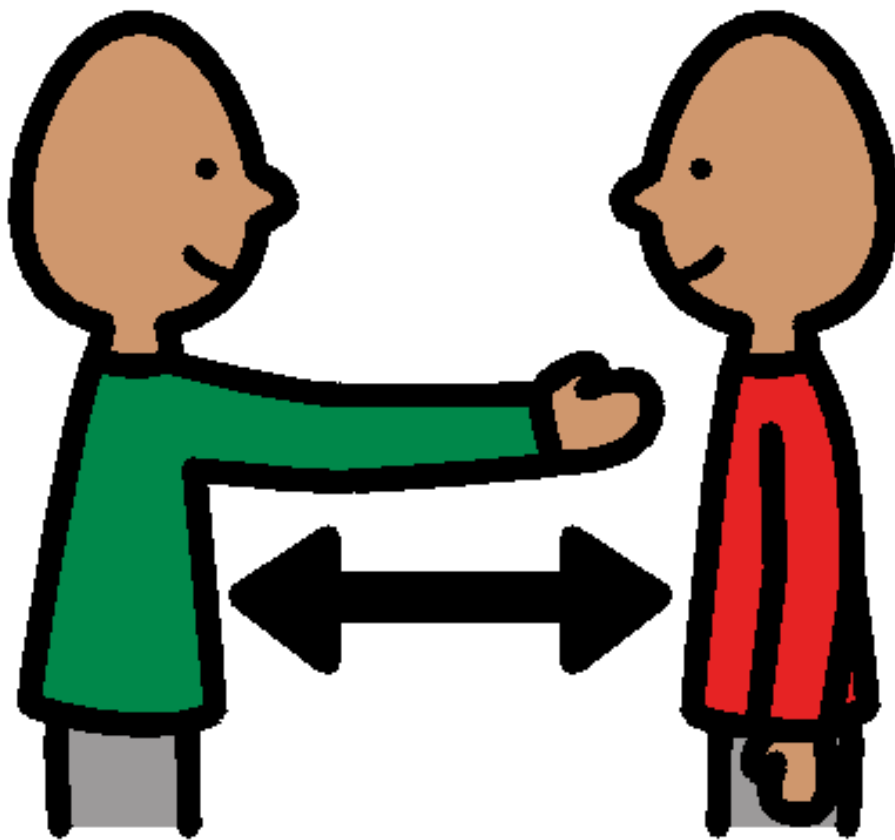

I wait outside
before school starts.

I look for signs
to show me
where to wait.

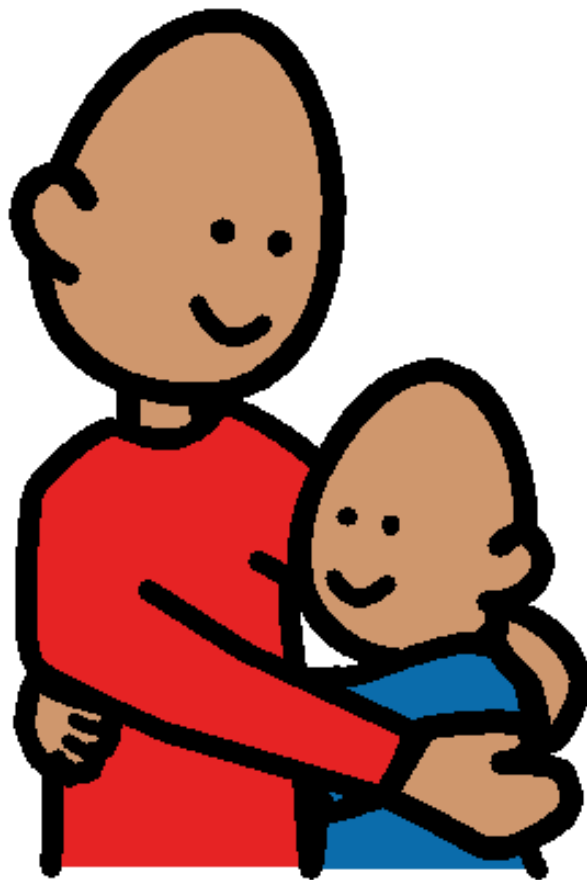

I keep physical distance between myself and others.

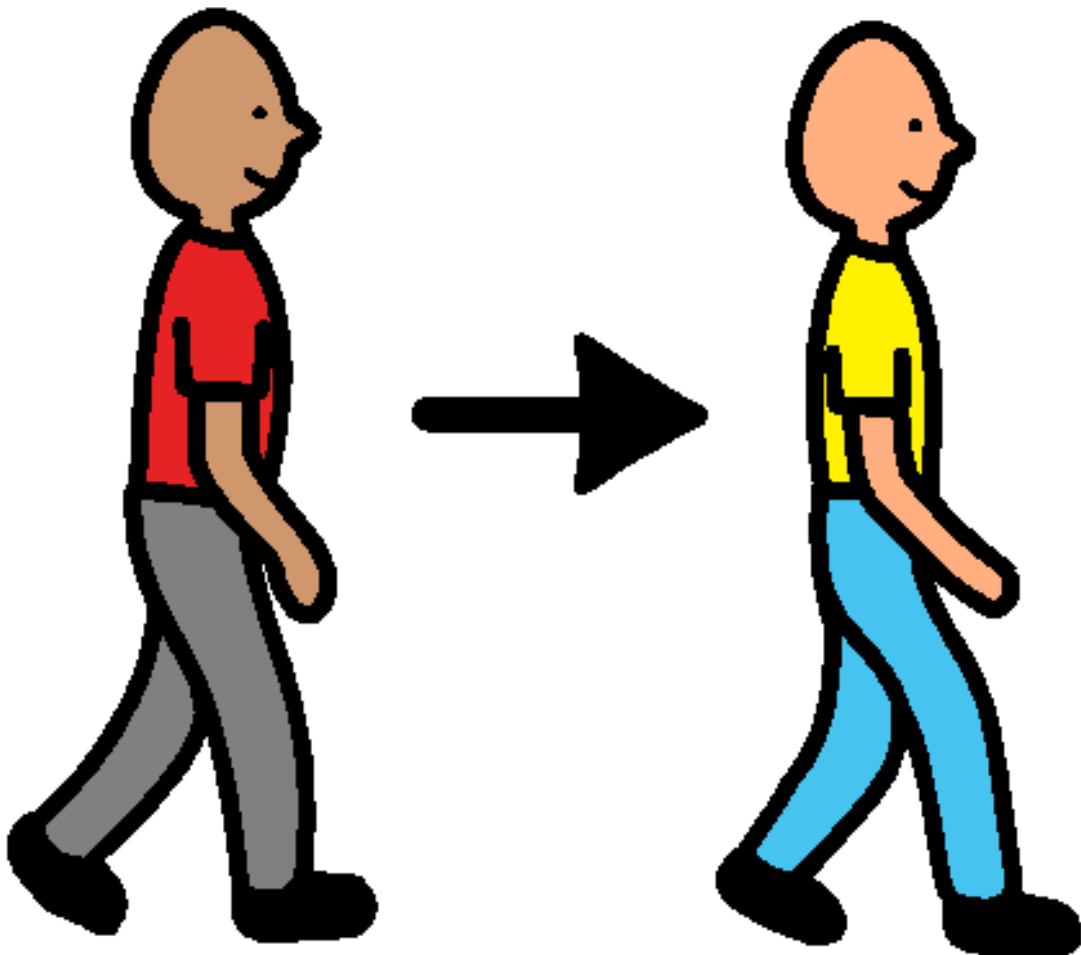

When a teacher
greet me, I
say “hello” and
I answer
their questions.

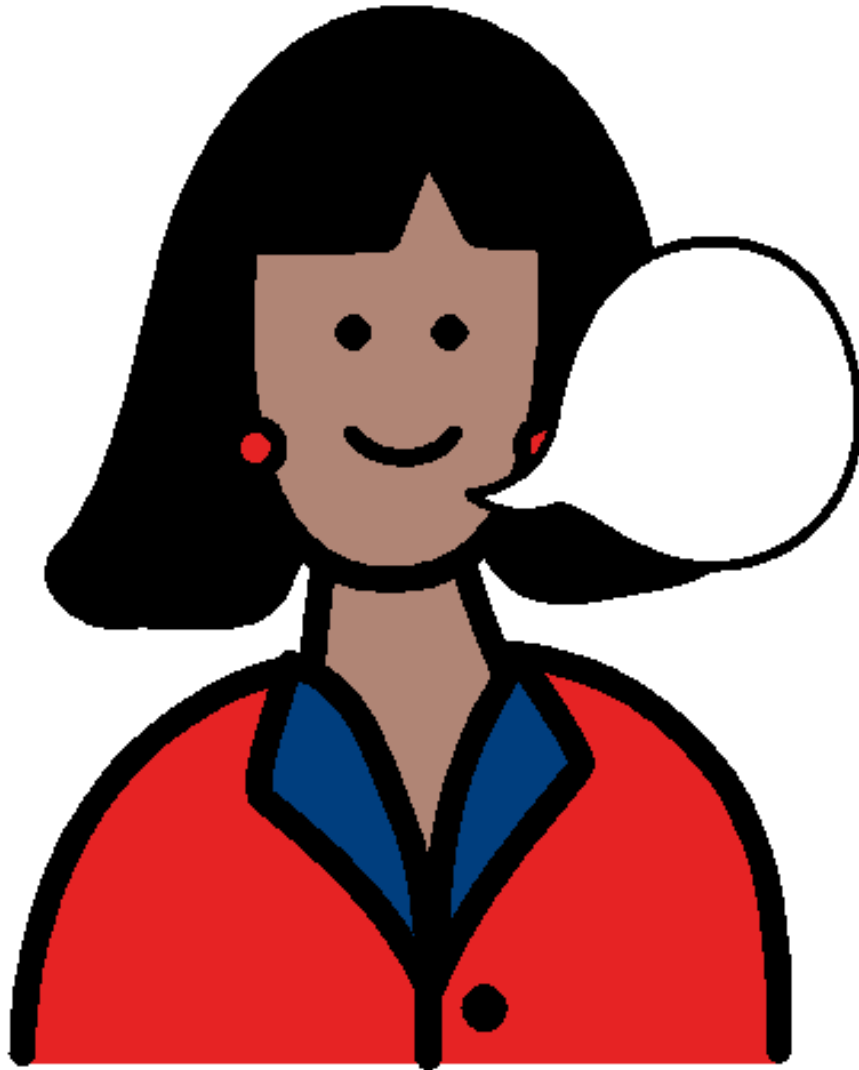

I say “goodbye” to
the adult that drops
me off at school.

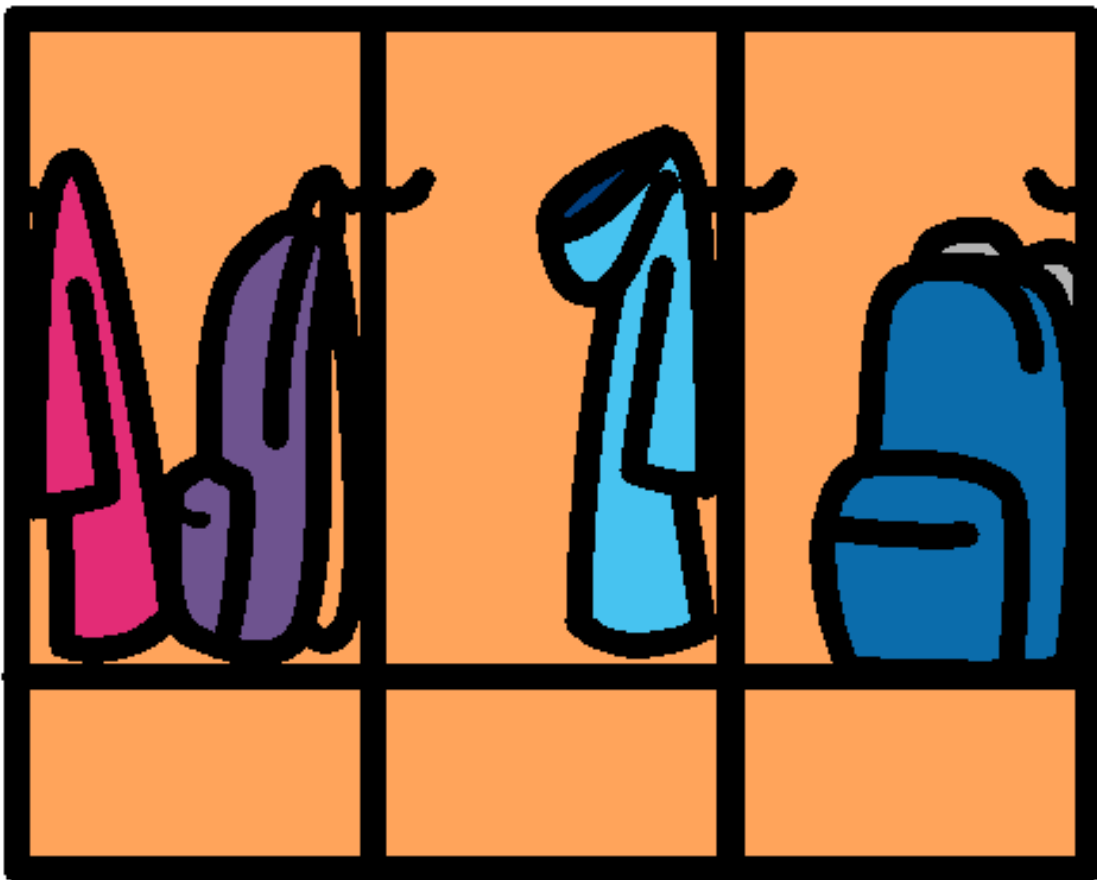

I follow the teacher
into the classroom.

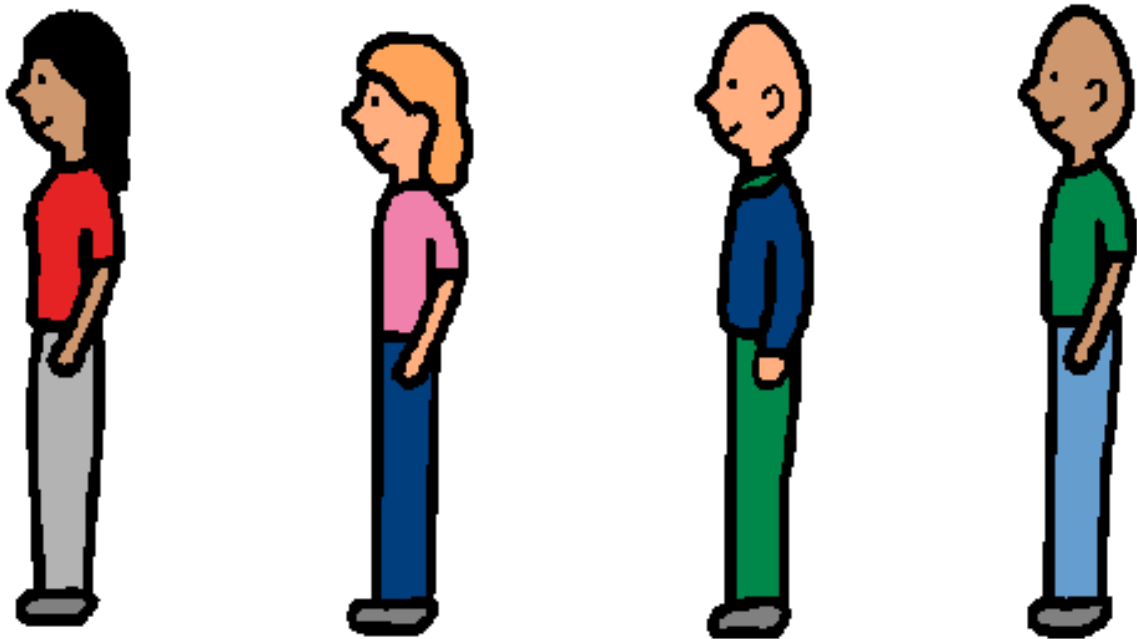

I wait for directions
from my teacher.

My teacher shows
me where to
put my things.

I wait for my turn to
wash my hands.

I get some soap.

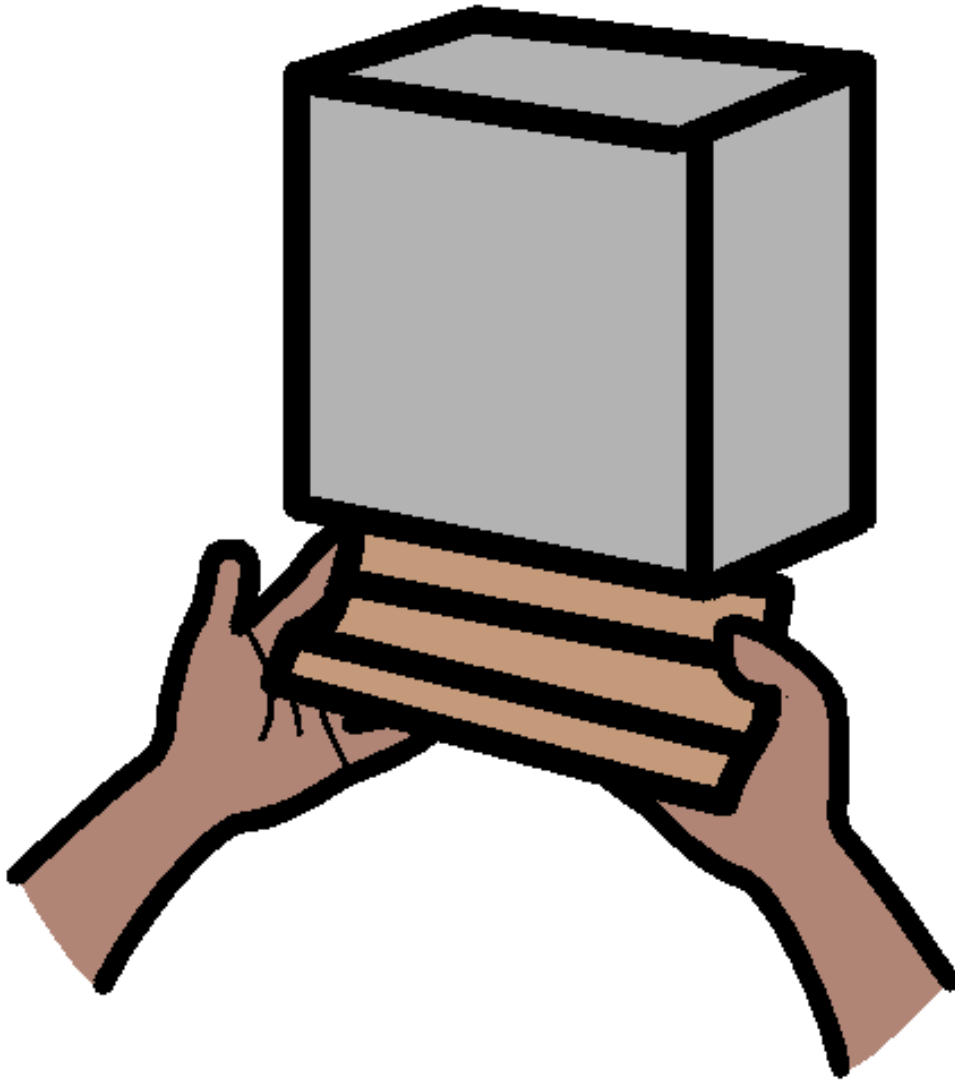

I rub my hands
together. I clean all
the different parts
of my hands.

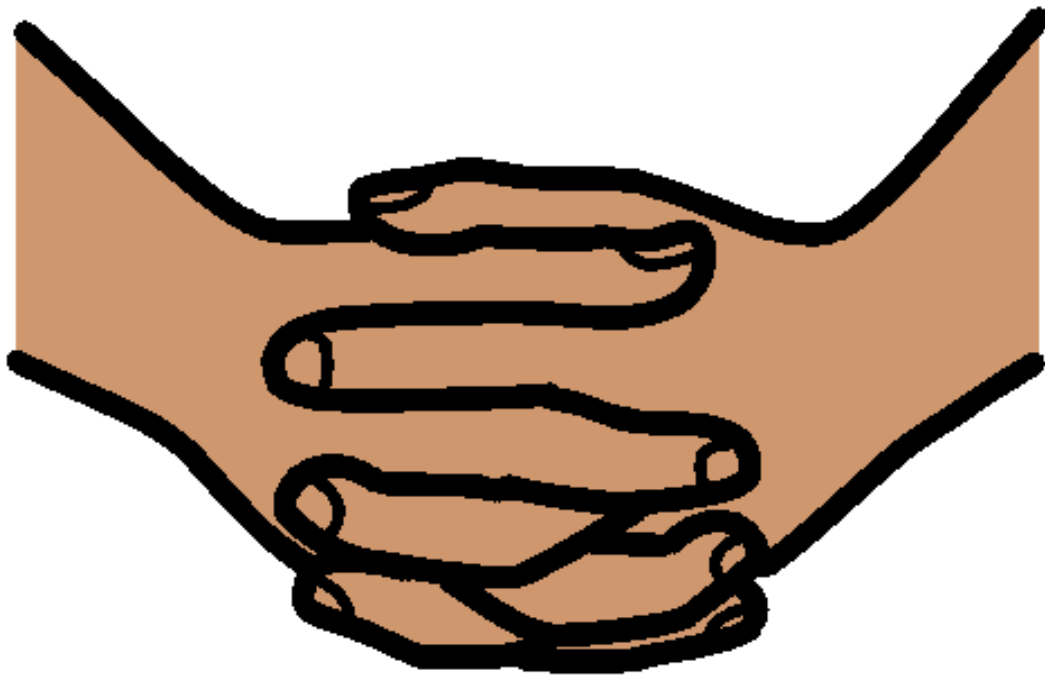

I rinse the soap
off my hands.

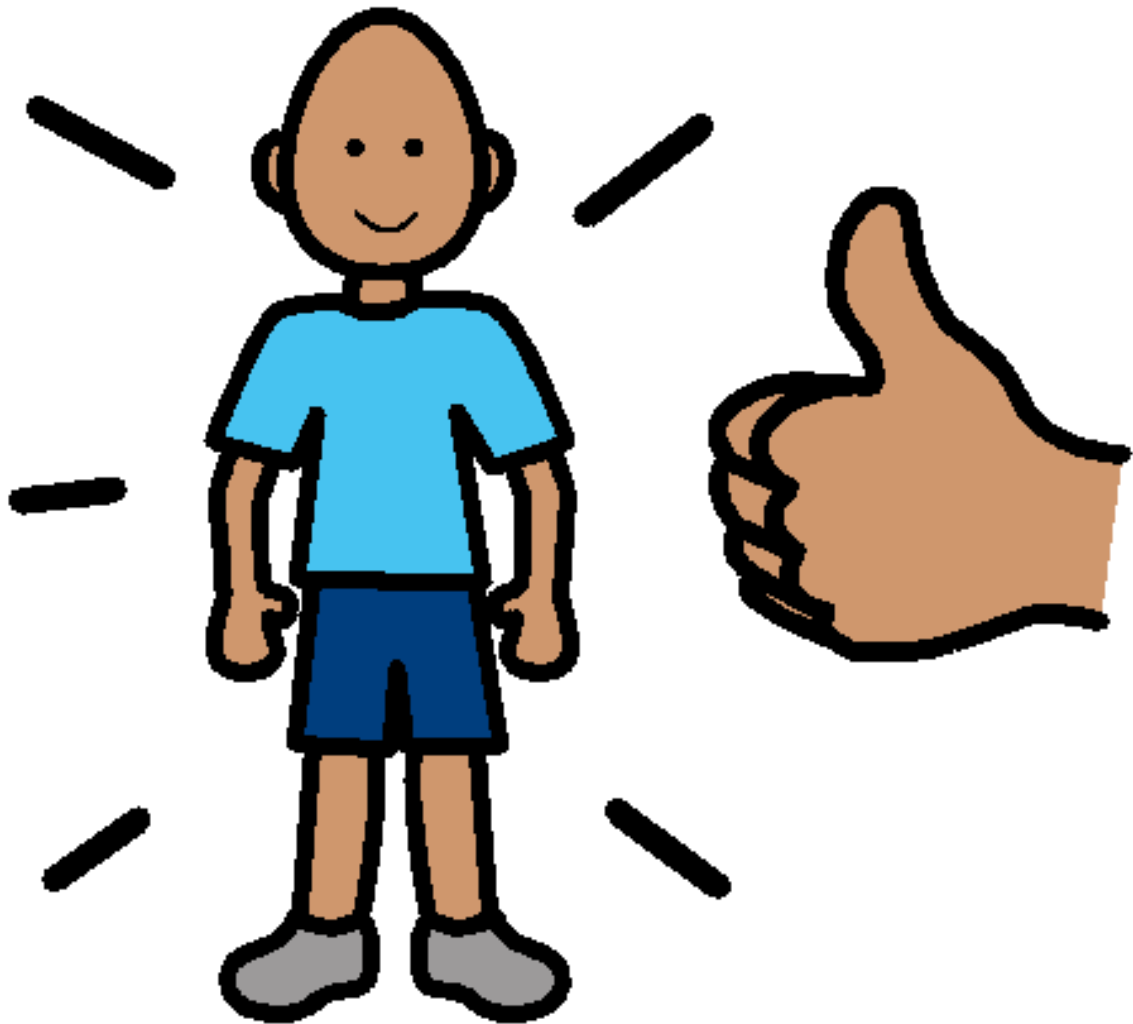

I dry my hands.

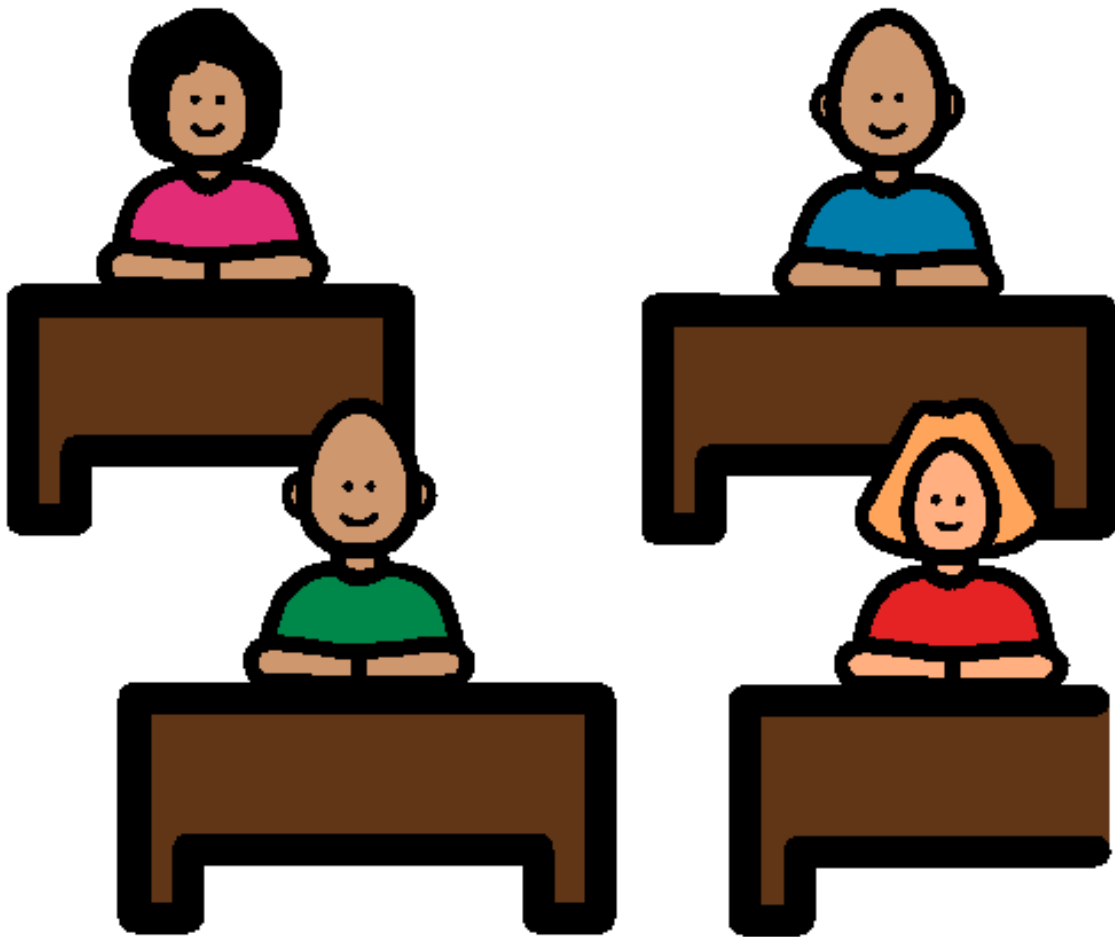

I keep my hands
away from my
face at school.

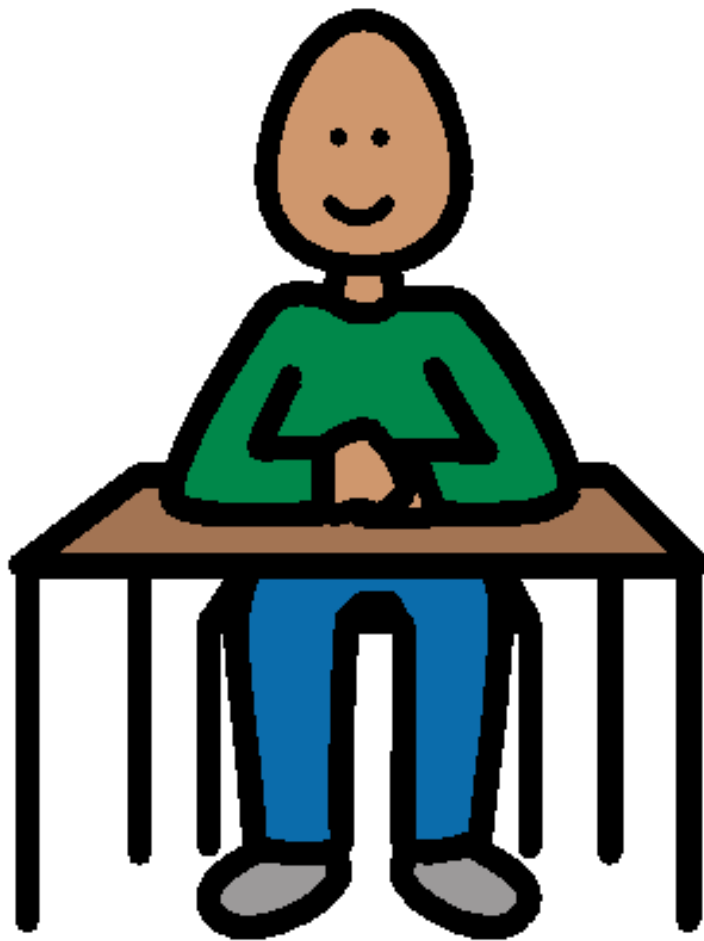

I get ready to start
my school day.

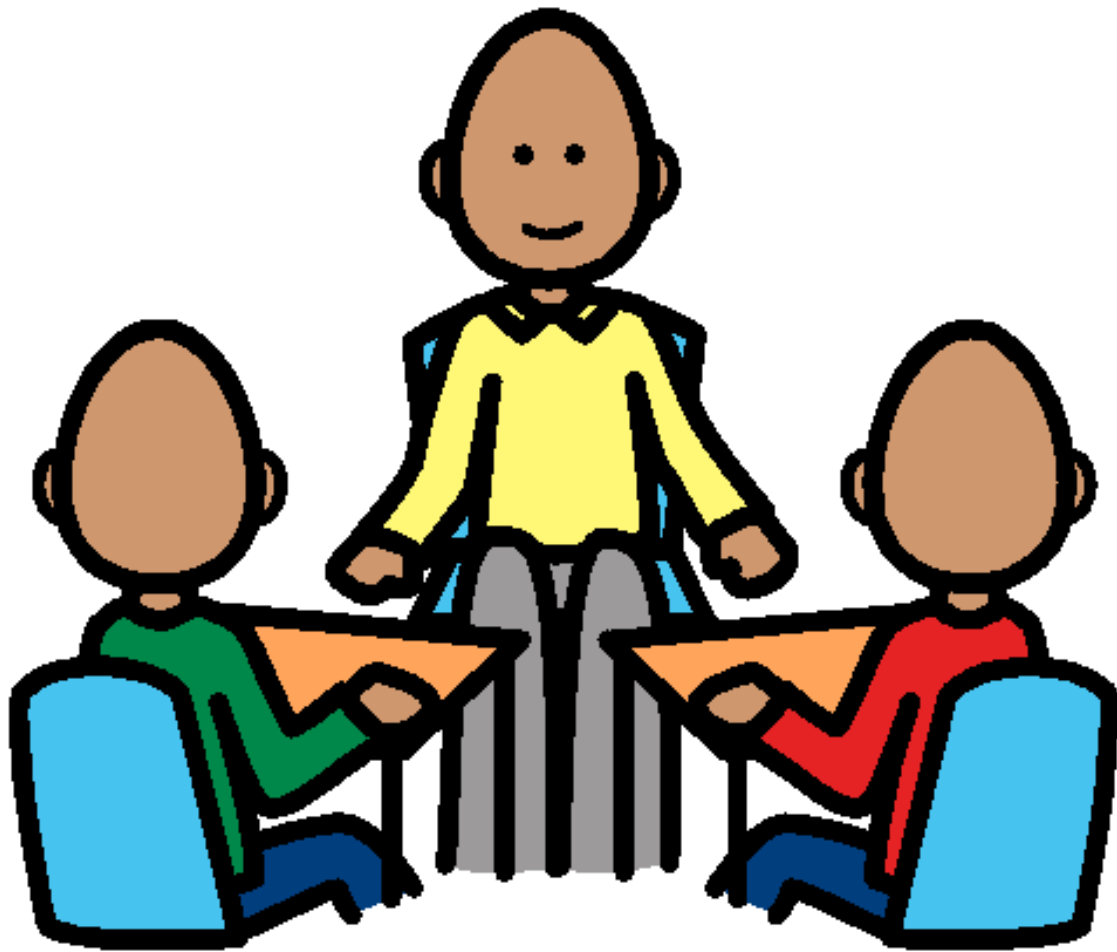

I follow the safety plan when I'm in the classroom.

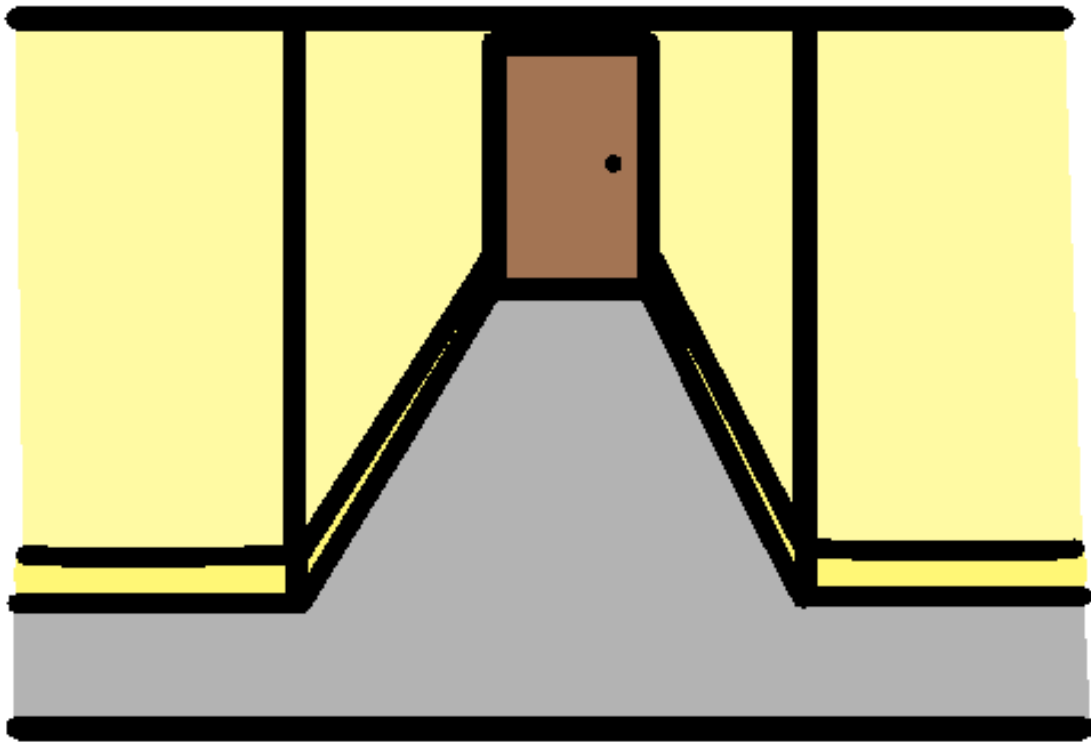

I stay in my area to
give others space.

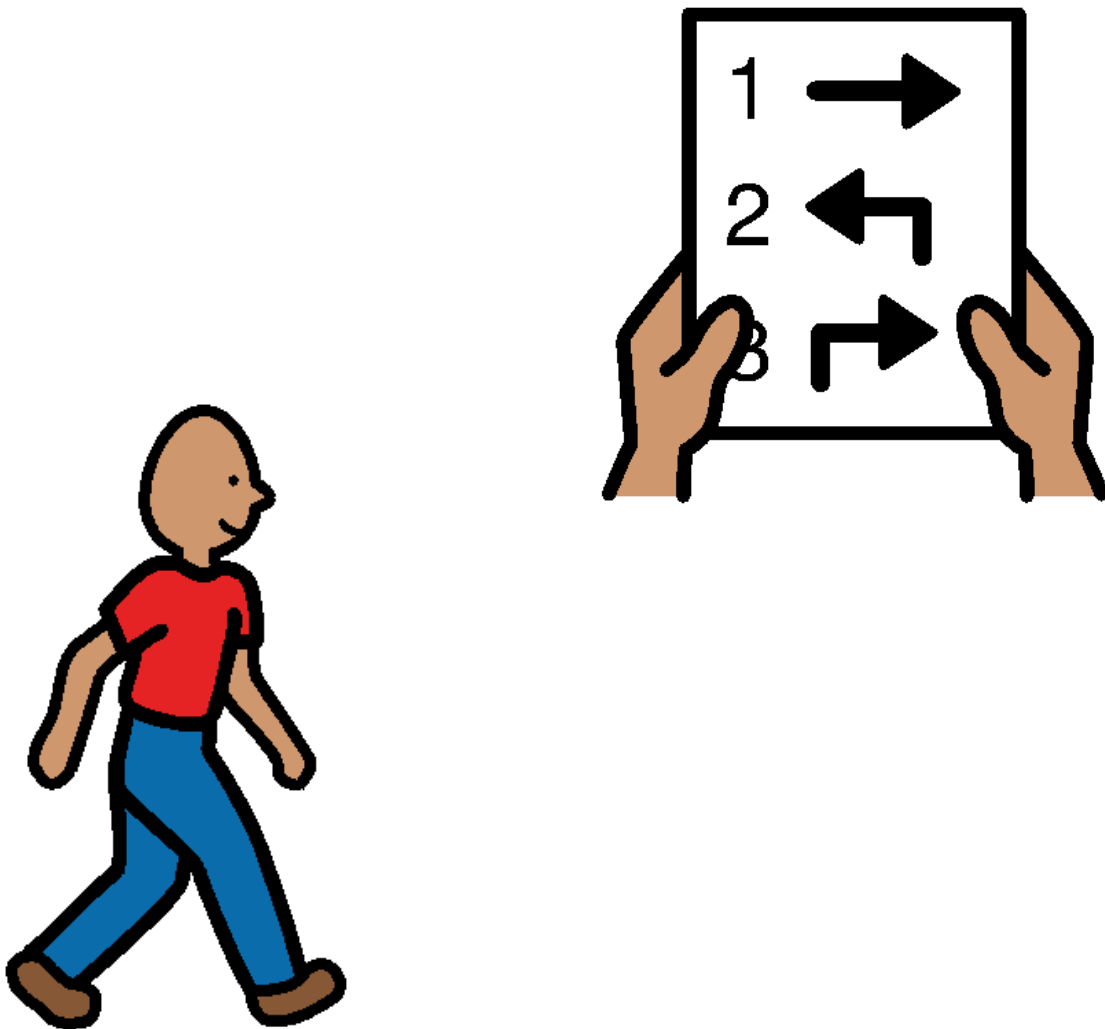

My teacher shows
me how to learn
and play at school.

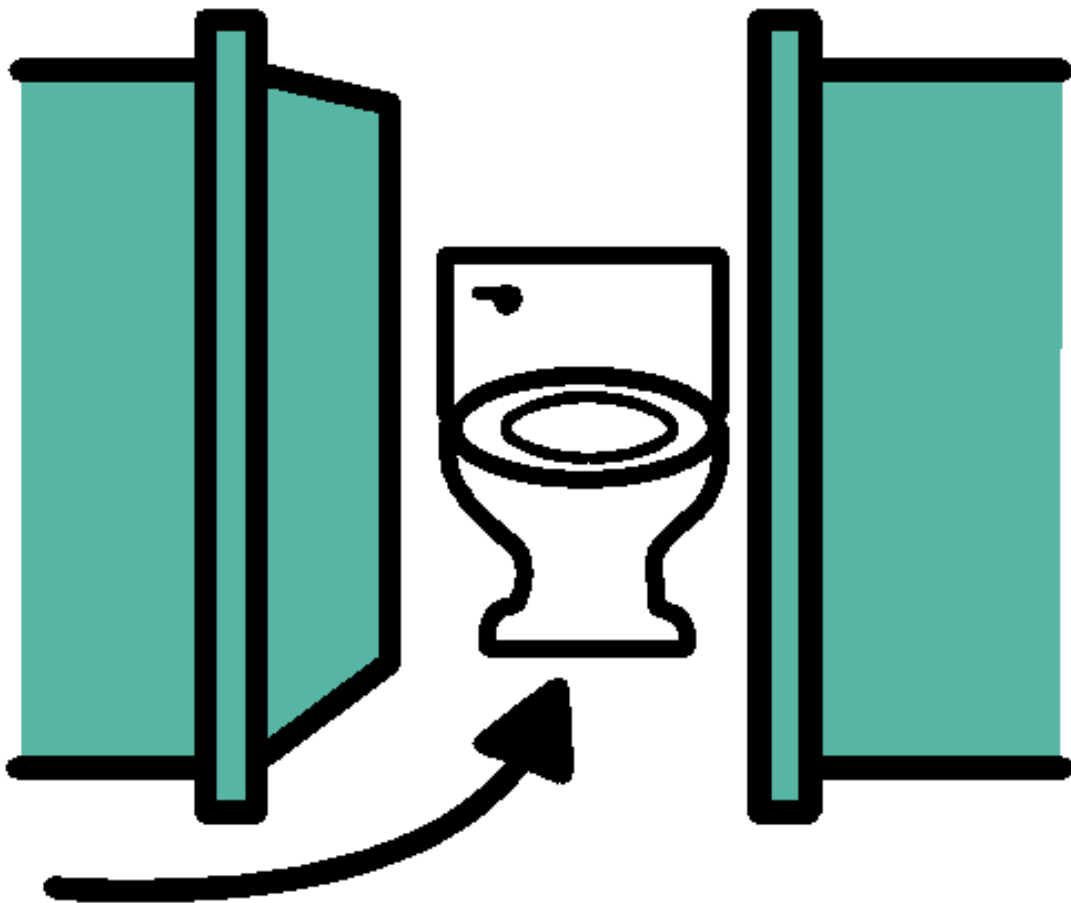

I follow the safety plan when I'm in the hallway.

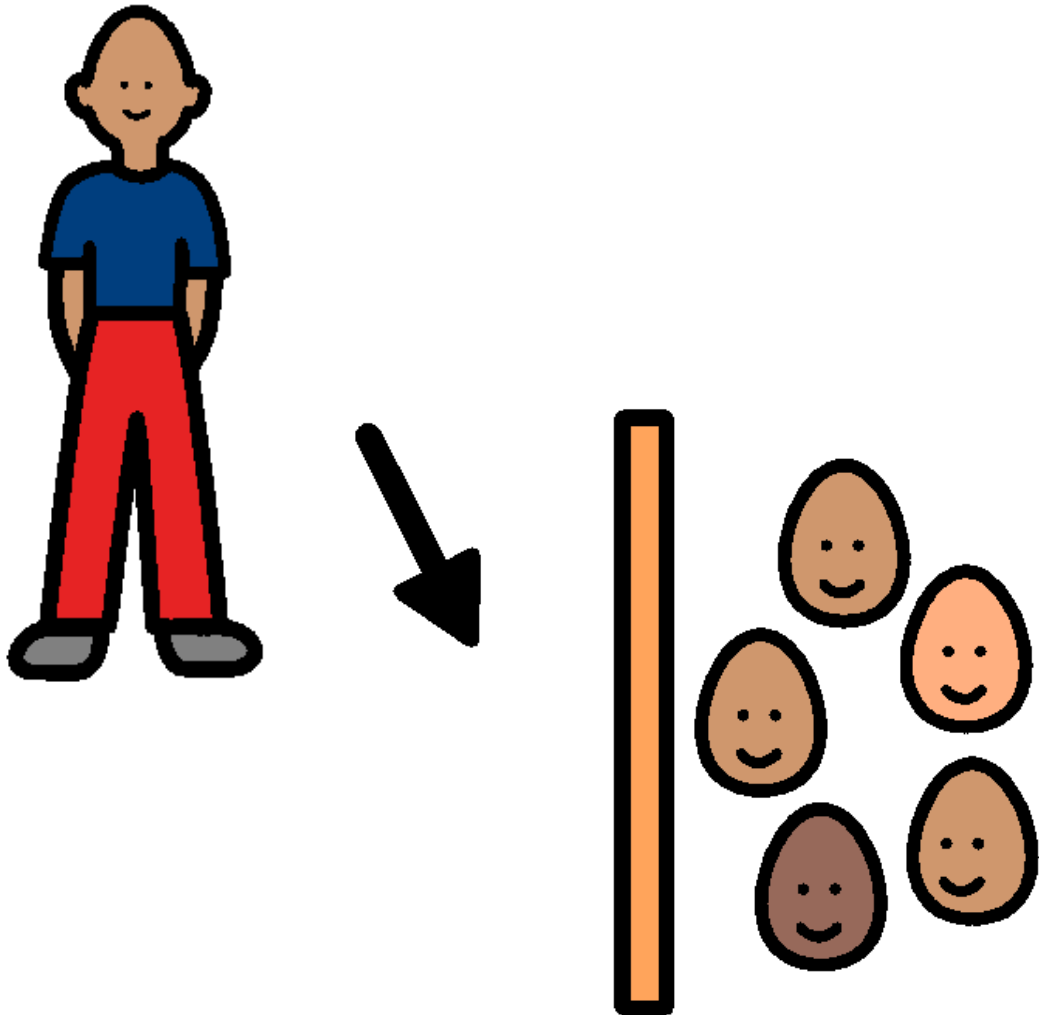

I look for the arrows
and stay to one
side when I walk.

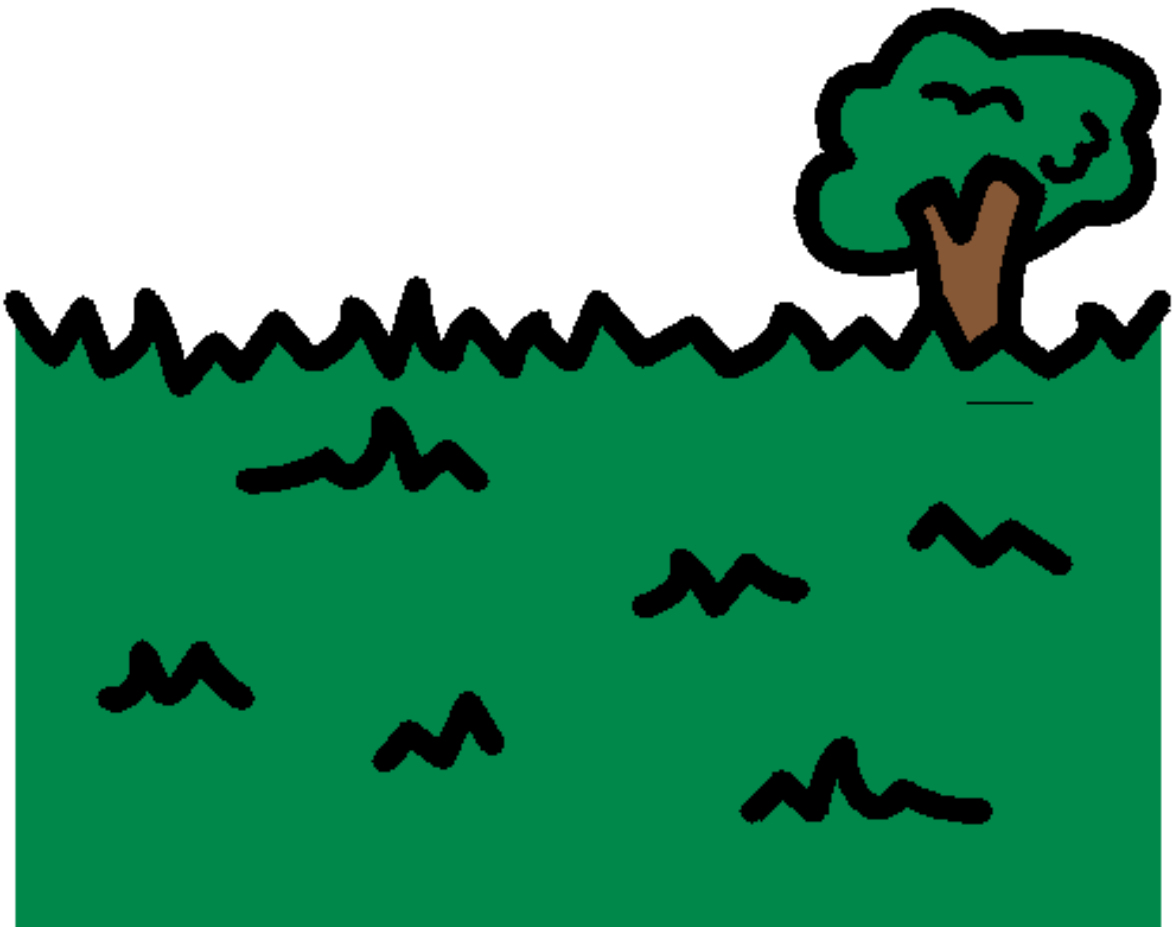

I follow the safety plan when I'm in the washroom.

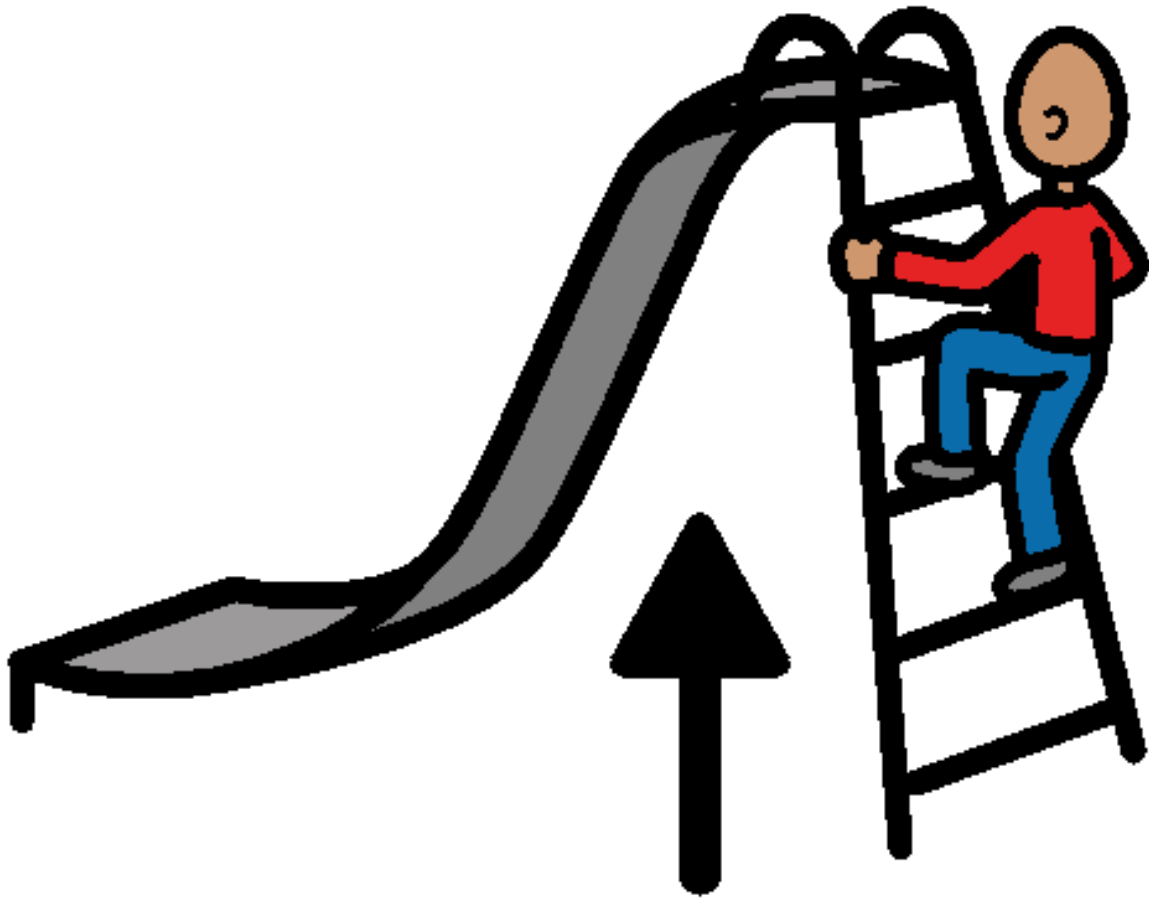

I wait for my turn.
I give others space
and privacy.

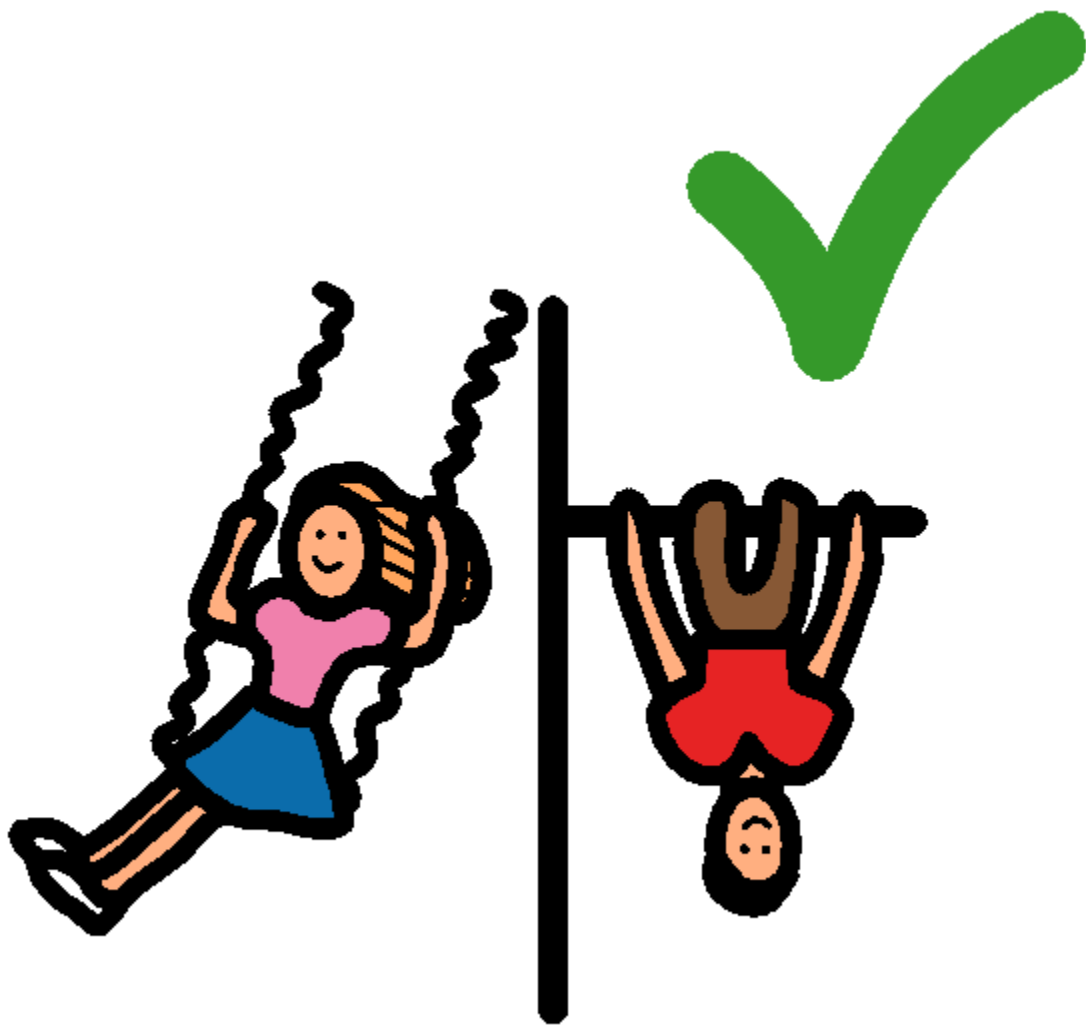

I follow the safety
plan when I
play outside.

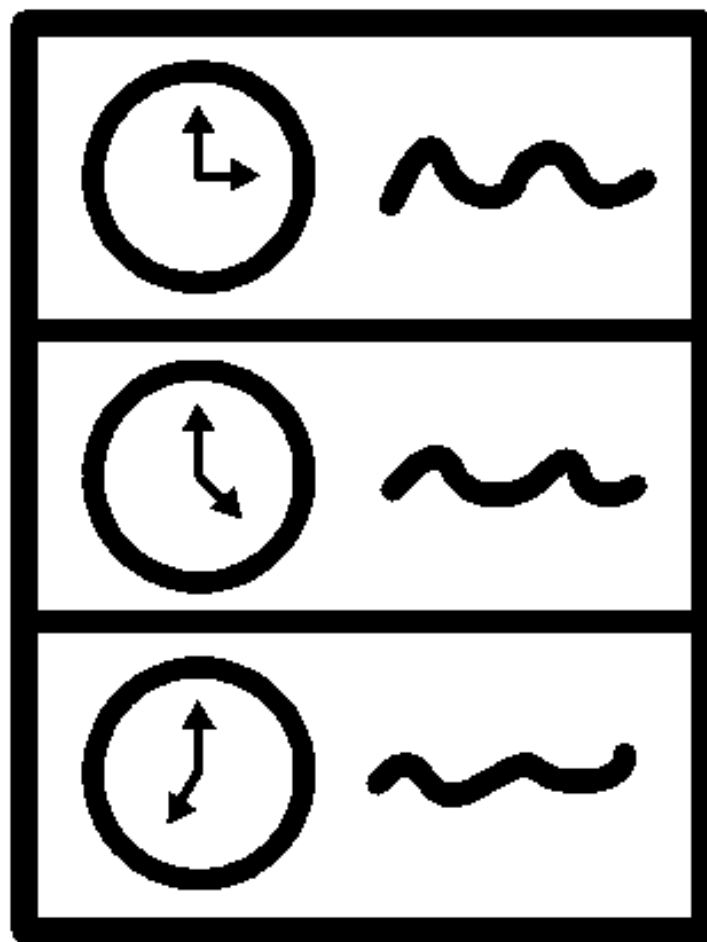

I'm safe on
the equipment.

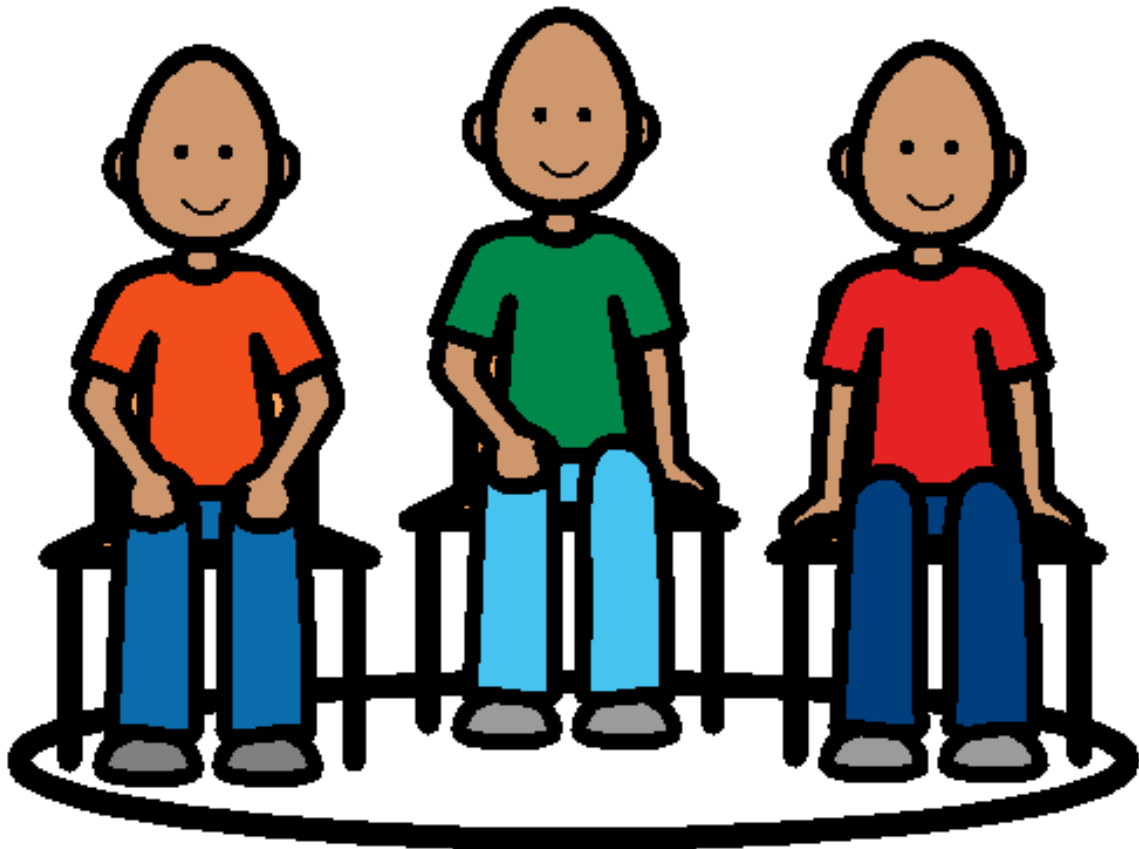

I play where I'm
allowed to play.

There are different
schedules at my
school this year.

My class has its own
school schedule.

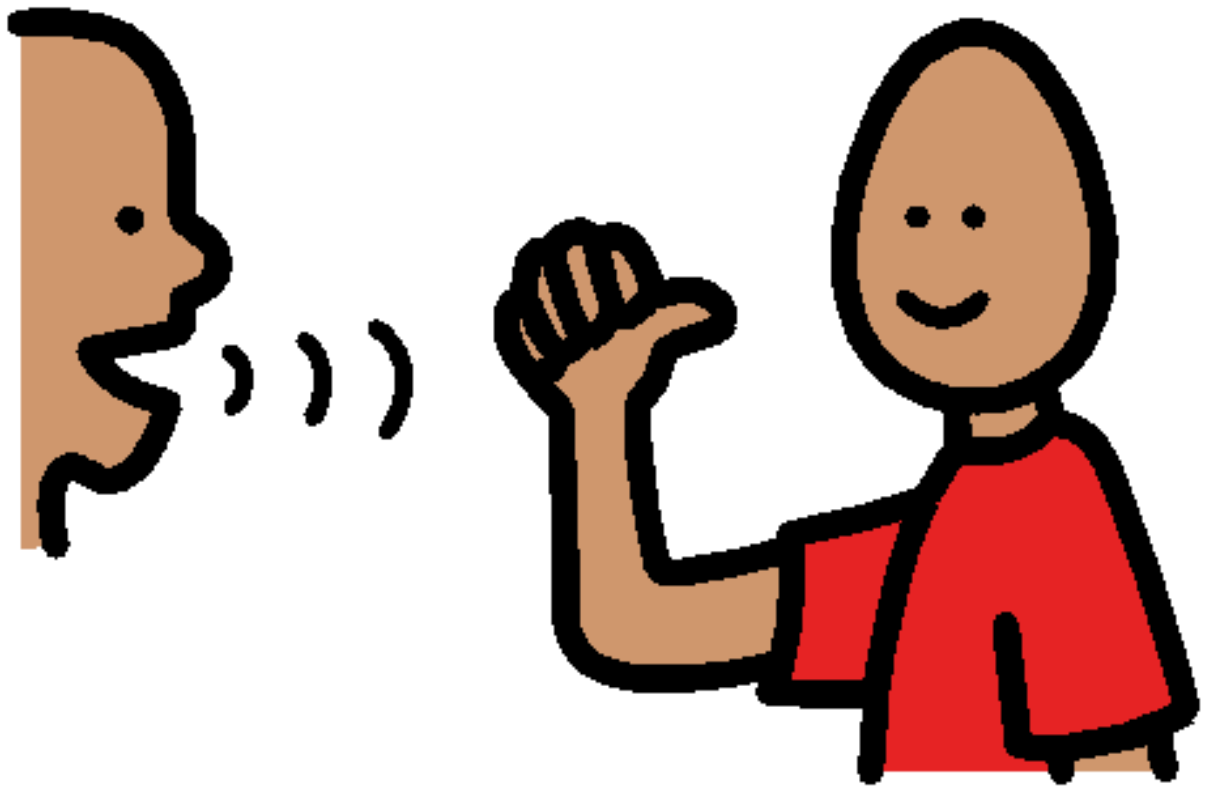

My class is in my
bubble at school.

I see other
people that I
know at school.

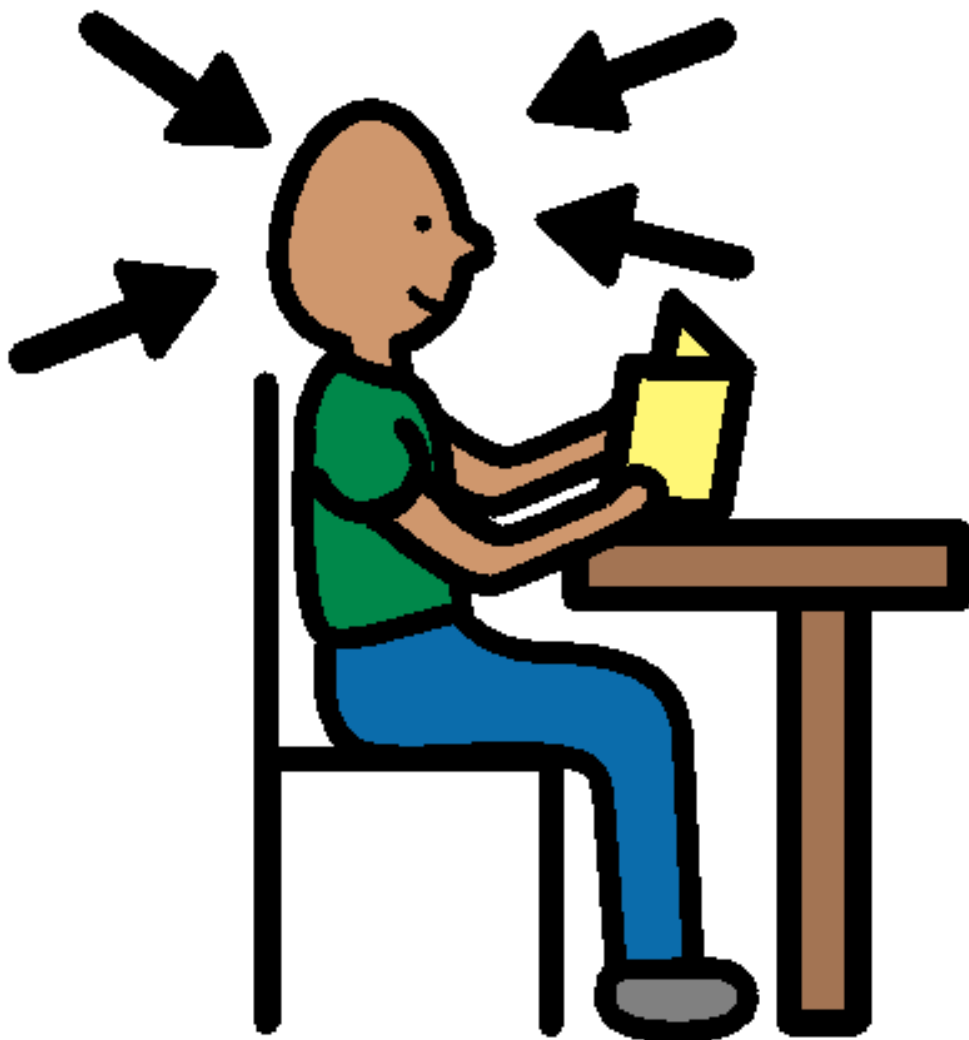

I talk with them
from a distance.

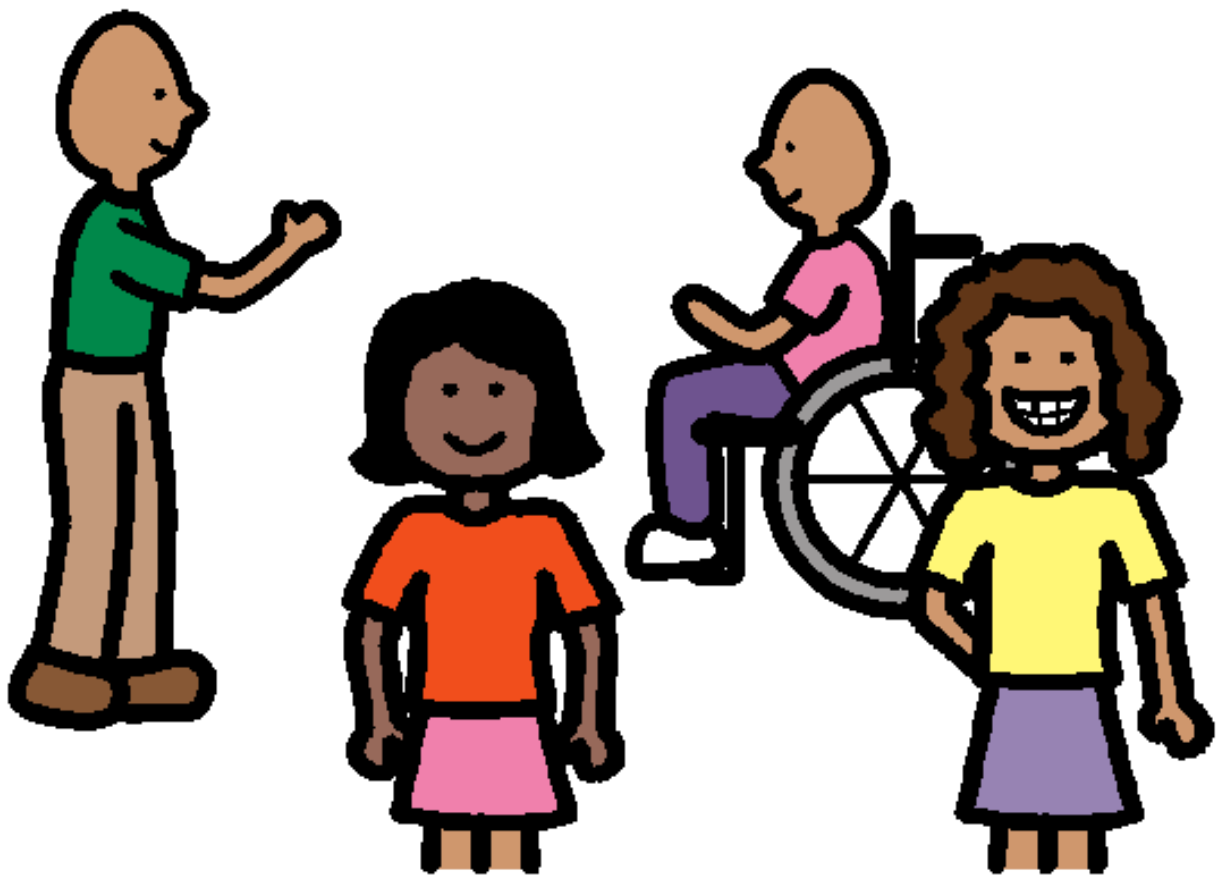

I try my best while
I'm at school.

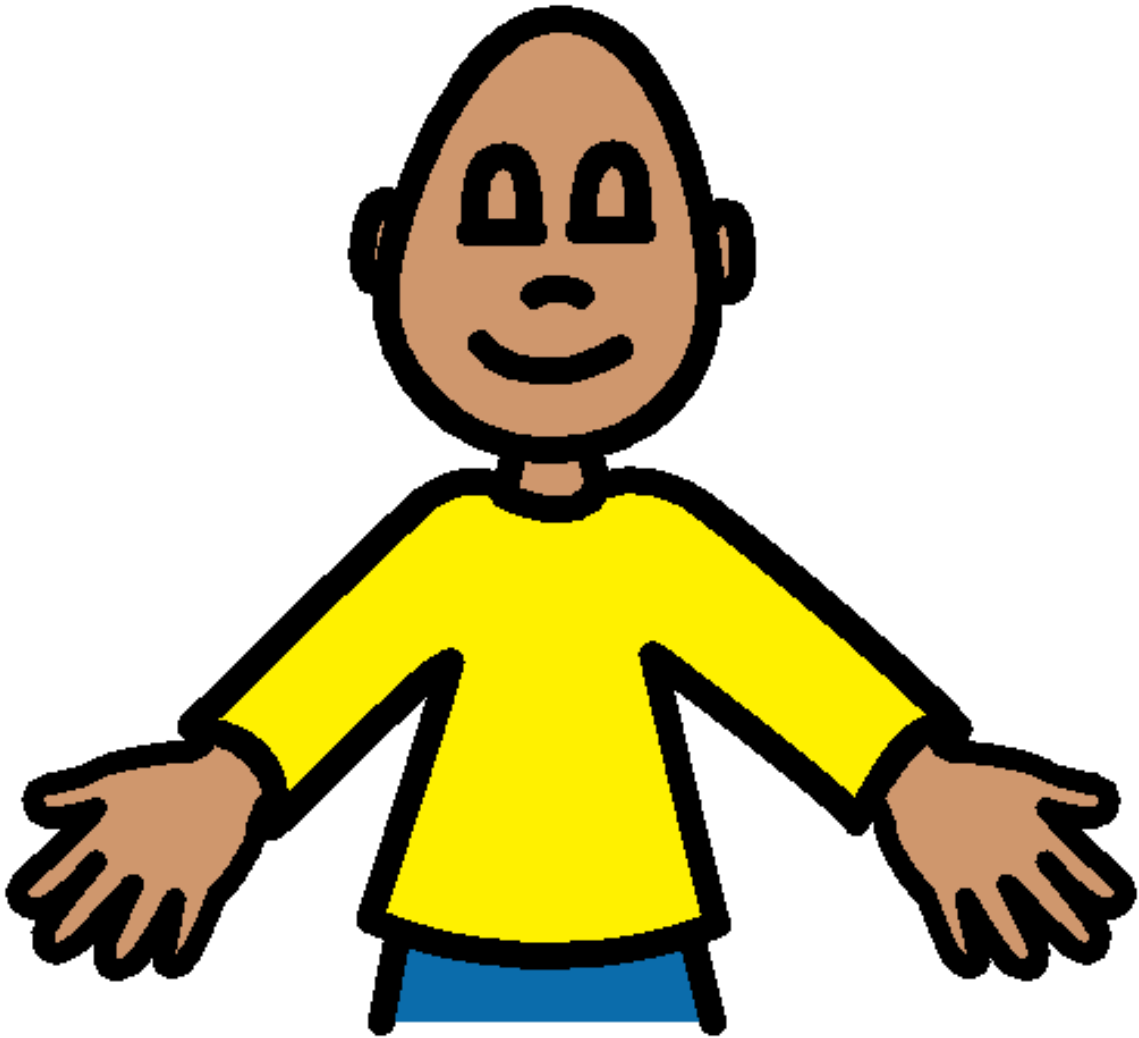

I learn new things.

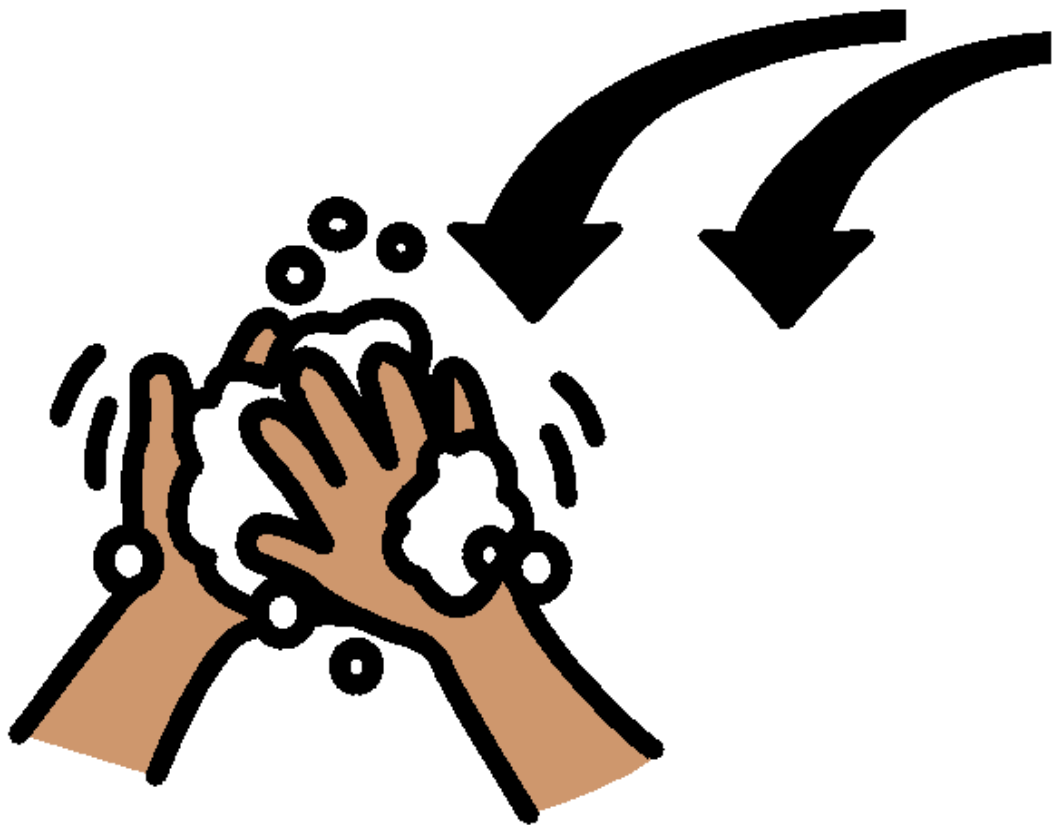

I make new friends.

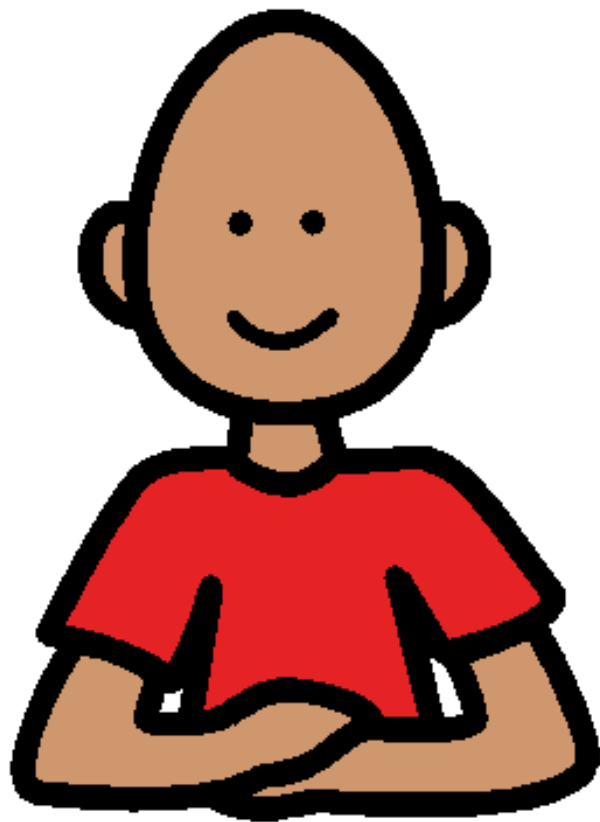

I stay safe.

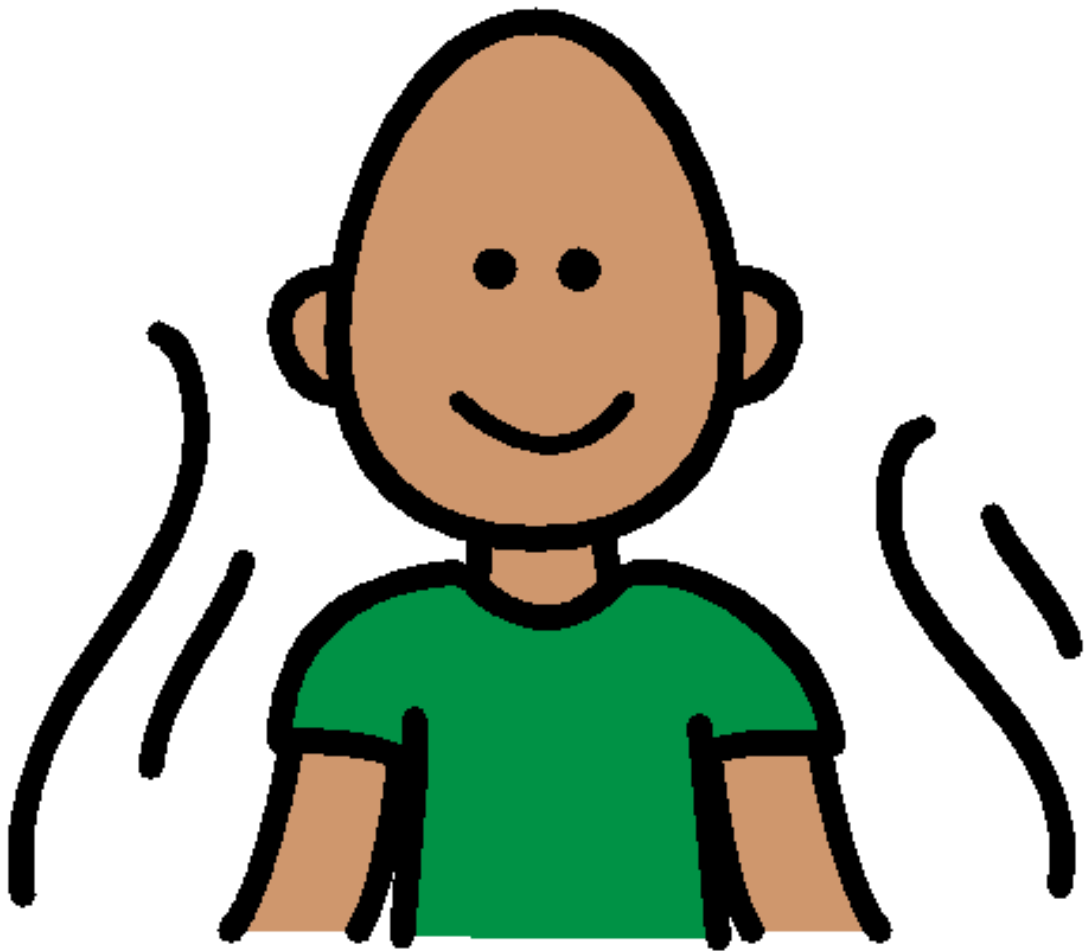

I wash my hands
many times
during the day.

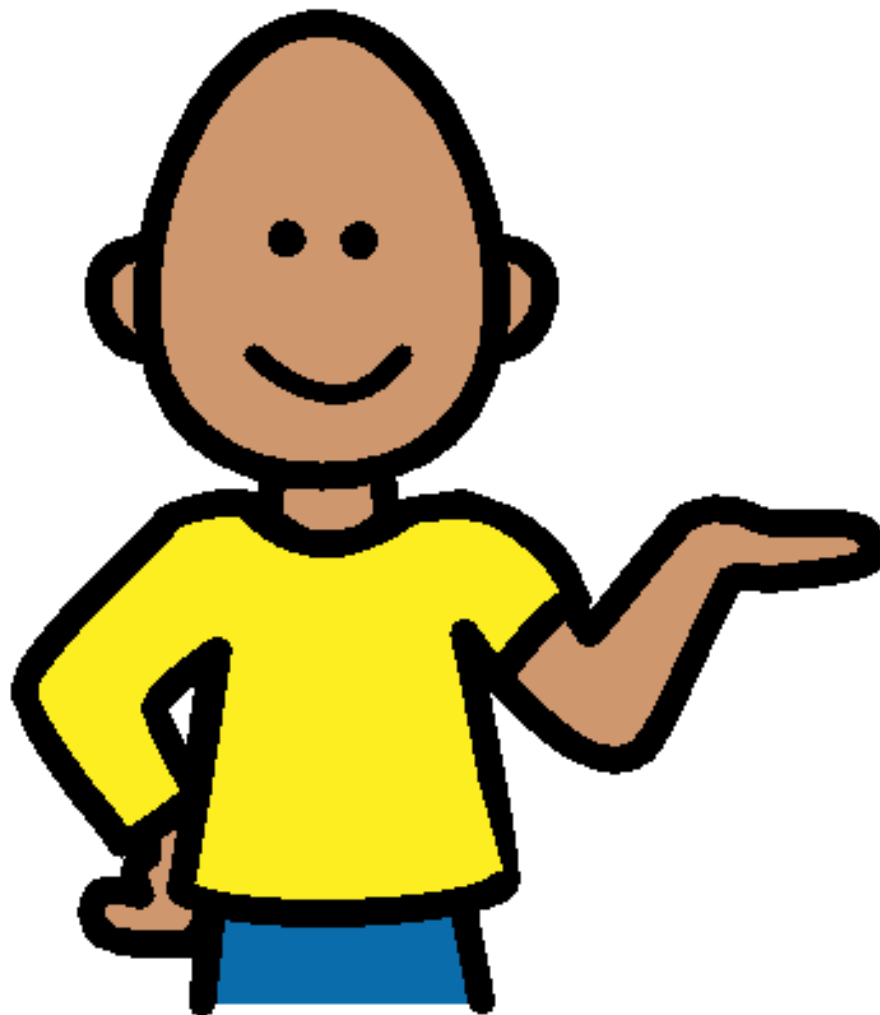

I'm patient while
I learn my new
jobs at school.

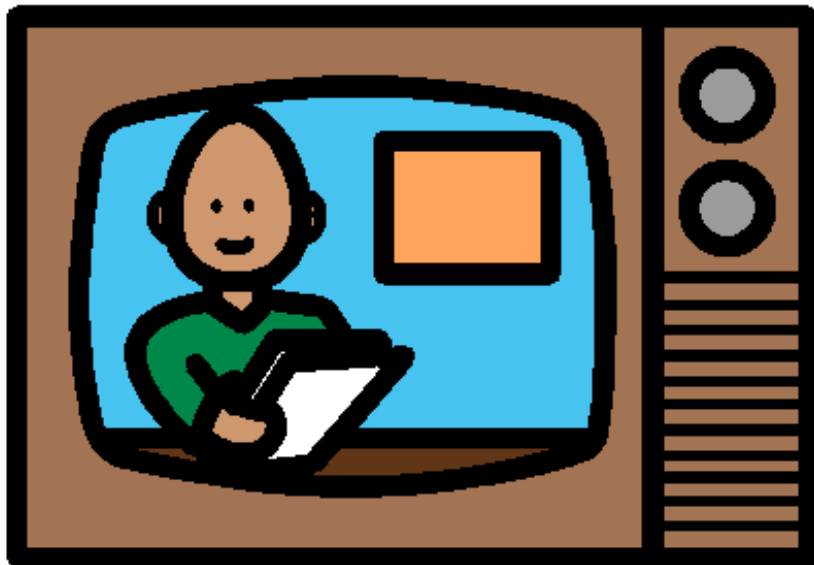

I'm calm
and relaxed.

I'm flexible.

Public health officials will let us know if we need to change our plan at school.

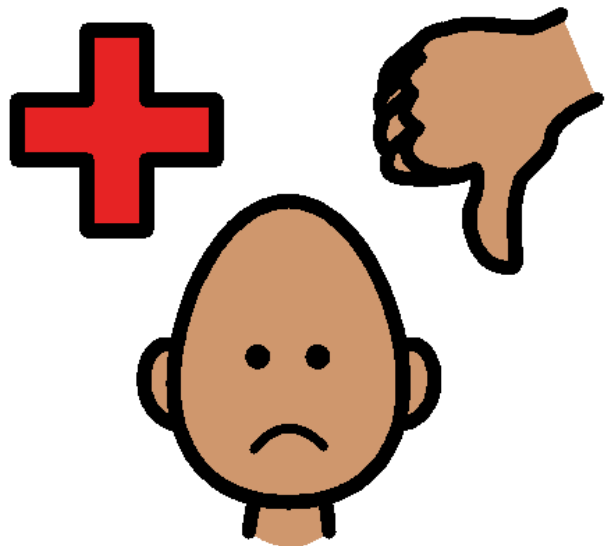

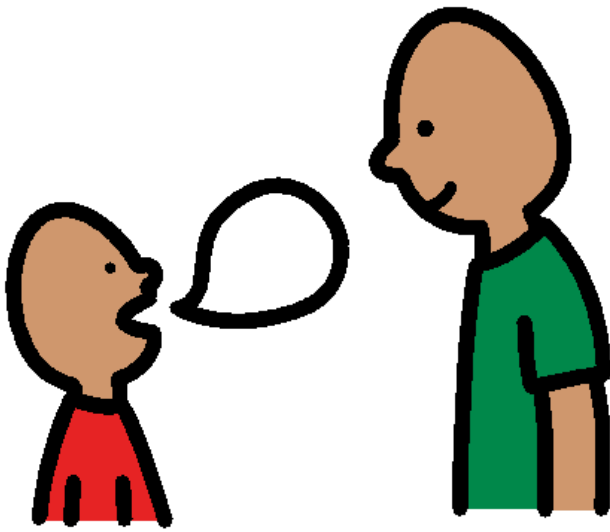

I make changes
when I need to.

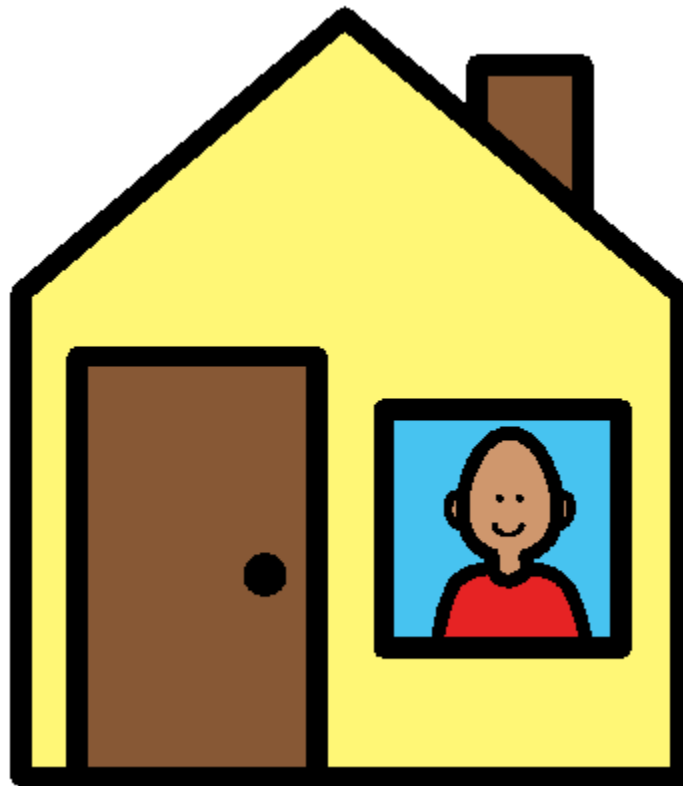

I'm kind to
everyone at
my school.

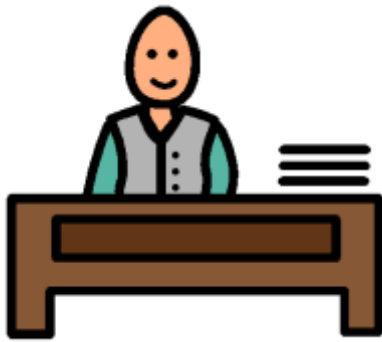

I tell an adult if
I don't feel well.

I stay home if
I'm sick so I don't
spread germs
at school.

My school works together to keep everyone safe.

It's going to be a
great school year!
